

FARMERS ARE FACING RUIN, REPORT SAYS

Demand Government Assistance
to Stave Off "Inevitable
Bankruptcy."

WRONG TO LOWER PRICES

Score Treasury Secretary for
Announcing That Price De-
cline Is Coming.

By United Press Leased Wire
Washington, D. C.—Farmers in session here today adopted a report demanding government assistance to stave off "general inevitable bankruptcy" threatened by falling prices.

The farmers are to lay their demands before Governor Harding of the federal reserve board and Secretary of the Treasury Houston at a conference at 4 p. m. today.

The demands call for a lowering of the discount rate of the federal reserve banks and expansion of credits.

The report was prepared by a committee representing farmers from many states both in the wheat and cotton belts in convention here at the call of the national board of farm organizations.

The report scores Secretary Houston and other government officials for announcing a price decline in progress, which, the report said, caused banks of the country to restrict loans vitally needed by farmers.

"Current market prices for farm products are below the cost of production," the report said, "and unless some immediate remedy be found to relieve the situation, general bankruptcy and ruin are inevitable. The condition now facing the agricultural interests of America is not confined to any one section or any one product."

"In our judgment, it is wrong as a matter of policy artificially to press down prices and it is particularly wrong to begin with the raw commodities."

"The condition of agriculture is now desperate. The condition of mind of the farmer population is ominous. Producers of all crops have come to feel that the hand of the government is against them."

"It is no concern of federal reserve system or of the treasury department what the producers of the country may determine is a fair price."

Among the signers of the report was Charles W. Holman, Wisconsin, T. R. Kilkenry, Arizona, and J. S. Wamaker, South Carolina.

BURIED CHILDREN ALIVE, POLICE SAY

Lunacy Commission to Examine
Man Who Admitted Slay-
ing His Youngsters.

By United Press Leased Wire
Lansing, Mich.—Paul Roop, farmer, who confessed killing his two daughters, was to be examined by alienists today to determine whether he is sane.

Roop said he killed the two children while his wife was ill at home with a new born baby because he did not have money enough to support the family through the winter.

Roop said his crops were a failure, he had only \$100 to last through the winter and he thought the children "would be better off dead than alive," according to his alleged confession made public by officials.

Roop tried to chloroform the two babies but failing, buried them alive in the muck near a river, according to officials.

CLEVELAND VICTORY IS PLEASING TO HARDING

By United Press Leased Wire
Chattanooga, Tenn.—Cleveland's victory over Brooklyn was described today as "a fine testimonial to the honesty of the game" by Senator Warren G. Harding.

"It certainly is a fine testimonial to the honesty of the game and the players that the Cleveland baseball team should have made a clean sweep of the four game series in their home city and thus won the world's championship," said Harding.

"It shows better than anything else the soul of the game and I am certainly proud to know that an Ohio team did it. Cleveland and Ohio certainly have my most sincere congratulations on this great victory. Of course I wanted Cleveland to win for it added another star to the crown of great things that Ohio has done so well. I think that Cleveland must especially be proud of pitcher Coveleskie, who has three times pitched his team to victory."

CONFESSES TO SLAYING
MERCHANT AND HIS PAL

Norfolk, Va.—Gifford Crosby, negro, today confessed to killing a merchant at Warren, Pa., and then slaying his accomplice because he would not split fifty-fifty on the \$1,000 loot obtained.

The double murder had puzzled Pennsylvania authorities for two months.

Crosby killed the merchant by hitting him over the head with a hammer and killed his partner with the limb of a tree, he said.

MAC SWINEY BREAKS ALL FASTING RECORDS

New York, N. Y.—Historical Society of New York City today announced that Mac Swiney, an Irishman, broke all records for legitimate fasting, according to data available here today. This was the 62nd day of MacSwiney's self starvation.

The longest fasts on record include: Dr. Tanner, New York, 40 days, 1880.

Signor Succì, New York, 45 days, 1890.

Mr. Alexandre Jacques, London, 50 days, 1891.

Signor Merlati, Paris, 50 days, 1886.

The records bear other instances of fasting but they are not authentic.

Several Irish prisoners in the Cork jail claim to have fasted a number of days longer than MacSwiney.

GETS \$30,000 FOR FORGING PERMIT

Federal Officers Implicated in
Alleged Chicago Booze
Ring.

By United Press Leased Wire
Chicago—Crazed by fear, H. A. Sadler, the government's chief witness in the investigation into booze traffic in Chicago, was sent to a sanitarium today.

Sadler confessed yesterday and his mind collapsed while he was undergoing further examination today.

Sadler told authorities his life had been threatened after he made a complete confession of an alleged \$30,000 bribe paid to high officials.

Judge E. M. Landis, of federal court, announced he will issue a call for a federal grand jury investigation of the Chicago "whiskey ring."

Chicago—Existence of a liquor ring, alleged to have operated here and in the east under protection of federal officials was being investigated today.

That an employee of the internal revenue collector's office here was given a bribe of \$30,000 for forging a permit allowing a shipment of \$125,000 worth from Louisville to Chicago was charged in a confession alleged to have been made by H. A. Sadler, New York broker.

The confession implicated officials of a Louisville distillery, and many saloonkeepers here.

Sadler, according to the reported confession, also obtained permits in New York city by paying \$500 to an insurance broker.

The business done by the "ring," federal officials believe, amounted to \$2,000,000.

HARDING POLICY CALLED 'WOBBLY'

Cox Avers His Opponent Has
No Convictions on League
of Nations' Issue.

(By Herbert W. Walker)
By United Press Leased Wire
Enroute with Governor Cox, Lafayette, Ind.—With only seventeen "working days" of the campaign remaining, Governor Cox today started his fourth invasion of Indiana with the statement that from now on he is determined to force Senator Harding to talk on the league of nations issue.

"Nearly every time the senatorial candidate speaks on this question he changes his position and the democratic cause gains an advantage," Cox said.

Cox is devoting more and more of his energies to "putting over the league." He has received word from the White House President Wilson will cooperate by making at least five more appeals and explanations of the covenant before election day.

Cox today was in territory that is normally republican by a good majority. Cox continues to attack what he calls Senator Harding's "wiggling and wobbling" on the league issue.

"It is apparent that he hasn't a single deep seated conviction upon a subject and that he wobbles about from one day to the other in the aimless hope that this or that group of voters can be pleased," Cox said.

"I understand why the sentiment of wiggling and wobbling has been emboldened over billboard of America, with the picture of the senator. He has a monopoly on that process and he ought to be privileged to advertise it."

MORE WOMEN SHOWING
INTEREST IN ELECTION

By United Press Leased Wire
Chicago—Three men vote for every two women in Chicago, according to returns today from yesterday's registration.

There are 832,841 voters in Chicago, a record. Of those 556,903 are men and 336,938 are women.

Yesterday's heavy registration, which included more than 400,000 voters, was largely due to women voters who have begun to show more interest in politics since the ratification of the suffrage amendment. Of those who registered yesterday, approximately 200,000 were women.

REVOLTS GROW AS RUSS SIGN POLISH PEACE

Soviet Troops Fire on Revolving
Workers in Streets of
Moscow.

WRANGLER STILL FIGHTING

Lithuania Mobilizing for War
Against Turkish
Nationalists.

By United Press Leased Wire
Stockholm—Soviet troops are attacking barricaded workmen in Moscow's streets, according to unofficial dispatches received here today.

The Helsingfors correspondent of the Aftenblad said authorities were alarmed by anti-soviet demonstrations in factories at Moscow and were concentrating troops there.

The Stockholm dispatch follows others in similar nature indicating serious unrest in Russia under the bolshevik regime. Earlier dispatches reported uprising of factory workers in Moscow and nearby cities, which were quelled by soviet troops.

A band of sailors was reported to have entered Petrograd with naval guns, urging workers to join them.

Other troubles of the Lenin regime included the startling successes of the Poles which ended with the signing of an armistice agreement and the yielding of much territory. In the south General Wrangel and Ukrainian forces advances indicated serious demoralization of the soviet forces. Dispatches from other countries indicated a loss of bolshevik prestige.

Sign Peace Treaty
London.—Peace has been signed between Poland and Russia, effective at midnight October 18.

Renewed fighting is expected between the bolsheviks and General Wrangel's troops in the south. Other war clouds gathered in Lithuania where the government was reported drafting troops at Kovno to expel General Zeligowski and his soldiers who seized Vilna and made it a "free city."

A dispatch from Constantinople said Lithuania had declared war on Turkish nationalists and ordered general mobilization.

Dispatches from Riga said a war-like ceremony accompanied signing of the peace treaty. The lengthy treaty was read three times, in Russian, Polish and Lithuanian.

Through it Poland gains in territory and has succeeded in establishing a corridor between Lithuania and Russia. The soviets succeeded in avoiding payment of gold first claimed by Poland.

THREE DOOMED MEN GO INTO DEATH CELLS TODAY

By United Press Leased Wire
Chicago—Three men, sentenced to be hanged tomorrow for murder, will be placed in death cells today, unless court or executive action interferes. Two others are scheduled to be hanged Friday.

Twelve men were originally sentenced to be hanged tomorrow and Friday but the supreme court and Governor Lowden have given seven a new lease on life.

The three, to be hanged tomorrow, are Nicholas Viana, Frank Campione and Frank Sagar, convicted of murdering a saloonkeeper.

Friday Arthur Haensel, ex-soldier, and John Henry Reese, negro, are to be hanged for wife murder.

Jailor George F. Lee has arranged to have two of the condemned at one time tomorrow.

ORDERS STATE TROOPS TO FIGHT FOREST FIRE

By United Press Leased Wire
Hurley, Wis.—Forest fires were checked late yesterday within twenty feet of the town of Gile, a few miles from here.

More than 100 homes were endangered by the blaze.

Madison, Wis.—Acting under orders of Governor Philipp, who last night received word of fresh forest fire outbreaks near Superior, Adjutant Gen. Holloway ordered troop M of the fire, twelve miles from that city, for active duty in combating the blaze. A second detachment of the national guard will be ordered to the fire zone today if conditions are still bad. Advances reaching Madison were that there was a serious fire in Paterson state park near Superior.

FREIGHT HOUSE FIRE CAUSES \$200,000 LOSS

By United Press Leased Wire
Chicago—Fire today caused damage estimated at \$200,000 when one warehouse and a freight house were destroyed here.

The fire broke out in the Chicago junction railroad freight house, destroying the building and fifteen cars loaded with merchandise. The blaze spread to the Midland Warehouse and Transfer company, practically destroying that building.

Three hundred employees were driven from the two buildings by the flames.

Authorities were unable to determine the origin of the blaze.

Democratic Leaders Gain Confidence As Election Day Nears

TRADE BOARD IS OPPOSED BY GRAIN DEALERS

"Conservatism" Is Theme of
Resolutions Adopted at
Convention.

SCORE FIXING OF PRICES

Agitators Are Charged With
Misrepresenting Facts to
Farmers.

By United Press Leased Wire
Minneapolis, Minn.—Grain dealers of the United States and Canada today decided to be "conservative."

Resolutions adopted at the closing session of the Grain Dealers' National association convention scored radicalism, class legislation and class prejudice.

The resolution recommended "conservative thought in business."

The convention adopted resolutions urging waterway development to relieve transportation congestion.

B. E. Clement, of Waco, Texas, was elected president of the association to succeed P. E. Goodrich, of Winchester, Ind.

"Wide-spread dissatisfaction exists concerning the attitude of the federal trade commission toward business."

The "unreal resolution" declared "agitators and demagogues are taking advantage of unsettled conditions in industry to inflame the public mind."

Minneapolis, Minn.—Price fixing by the farmer "is a fancy springing from the minds of radicals," leading grain dealers of the country said here today.

"Such a dictatorship would shatter all the fundamentals of democracy," said Judge F. C. Vincent, president of the Kansas City board of trade.

Before adjournment late today, the convention of the dealers' national association was expected to take action aimed at activities of "professional organizers" who, grain men say, are urging farmers to form cooperative societies to control prices "regardless of world supply and demand." The report of the executive committee characterizes these organizers as "a menace to established law."

"They deceive the farmers and the public by unwarranted attacks on existing marketing methods," said Judge Vincent.

"They tell the farmer he is not getting enough for his products and is paying too much for everything he buys."

"When the world supply is large and prices slump, the farmers always assail the exchanges," said Hiram Sager, of Chicago, "but right now you don't hear any complaint from the consumer because prices are lower under a perfectly natural readjustment."

Harry A. Wheeler, president of the Union Trust company, Chicago, assailed the deflation policy of the federal reserve board at a banquet last night, declaring inflation rather than deflation has resulted.

Mrs. S. E. Ullman, who has been visiting at the home of Mr. and Mrs. J. P. Frank, Alton, Conn., returned to her home in Anzio, Tuesday.

WHAT IS THE SOVIET GOVERNMENT?

You know it is an international problem that puzzles the best minds in the world.

You know it is an experiment in idealism which has endured through war, starvation and ridicule.

You have heard it condemned as a menace to civilization, and you may have heard it defended.

But have you any idea just what it is?

If not you should read the soviet constitution. The Post-Crescent Information Bureau is able to offer the text of it, compared step by step with the Constitution under which we live by a man who believes that our own is the best. Read his explanation and judge for yourself. The bulletin is free.

(In filling out the coupon print name and address or be sure to write plainly.)

Frederic J. Haaklin, Director,
The Appleton Post-Crescent,
Information Bureau,
Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the Soviet Bulletin.

Democrats Aver Harding's "Wobbly" Policy of League Issue Gives Them Reason for Increasing Optimism.

(By Ed. L. Keen)
By United Press Leased Wire
New York—With the Indian-Dodger, Levinsky-Carpenter, Man O'War, Sir Barton and bolshevik arguments amicably concluded, nothing now seems in the way of proper concentration of public attention upon the Harding-Cox contest.

Three weeks from today the result will be known. Both big parties are set for an extensive wind-up to a campaign that for one reason or another so far has failed to dominate public interest.

Although the republican managers continue to predict an overwhelming victory for Harding and Coolidge, giving them all the states except the old "solid south," and a majority of fifty or more in the house of representatives, they are by no means so assured of control of the senate.

The democratic managers who heretofore had admittedly little hope of the election of the national ticket, are now positively predicting Cox's election, largely as a result of what they term Harding's "vacillating" course with regard to the league of nations. They also profess to be confident of the election of a democratic senate.

Their latest forecast of the presidential result includes in the democratic column, West Virginia, Indiana and Ohio and fourteen unnamed western states.

There has been much speculation as to the reasons for the abandoning of Harding's proposed trip to New York, Connecticut and New Jersey. The republican managers insist it is simply because such a visit is not necessary to republican success in those states. Democrats profess to see in it a confession of Harding's failure as a rough and ready stump speaker off the front porch.

In view of their confidence in the general result the republicans are not preparing any extraordinary assault of oratorical talent during the closing days of the campaign, such as the democrats have arranged, and the energies of most of their speakers will be directed especially to the senatorial situation. Senator Hiram Johnson, however, who is scheduled for a speech at Toledo today, is among those who will speak directly in behalf of Harding.

Colonel Thomas W. Miller, head of the republican national committee speakers' bureau, announced Senator Borah will make several speeches in Indiana and Ohio and that Governor Coolidge will fill dates in several southern states.

Miss Dorothy Anderson, Sallstad's stenographer at Eau Claire, who disappeared shortly after the fire, has not yet been located although a nationwide search has been made for her.

District Attorney Archibald McKay asked Coroner Downs to re-open the entire case. The little box of bones, picked from the ruins of the Sallstad cottage and buried at Eau Claire, has been exhumed and examined again. Coroner Downs said he could not say positively whether they were Sallstad's bones.

Authorities have asked Mrs. Alton McPherson to permit examination of the grave of her husband who was buried four days before the fire at Lake Nebagamon. Authorities are investigating a report that McPherson's body was "planted" in the Sallstad cottage.

Sallstad's mother, Mrs. Augusta Sallstad, of Superior, and his wife, Mrs. Leona Sallstad, of Eau Claire, are being questioned. His two children live with their mother in Eau Claire.

WHITEHEAD FAMILY IS
NOW IN M'COY CAMP

By United Press Leased Wire
Jamesville, Wis.—Mrs. John M. Whitehead, a member of the republican state central committee from the first congressional district, today endorsed Robert R. McCoy, democratic candidate for governor.

Her husband, for many years one of the republican leaders of Wisconsin, at a meeting here last night in behalf of Wm. J. Morgan, republican candidate for governor, also endorsed McCoy. The Whiteheads as well as Morgan are opposed to John J. Blaine, republican candidate for governor, who has been endorsed by the Non-Partisan league.

Rotary Meeting
Reports from the 15th district Rotary conference at St. Paul were given by W. O. Thiede, president, and George Wettengel, secretary, at the Rotary club meeting Tuesday noon at the Y. M. C. A. An outline of the year's program locally was also presented by Mr. Thiede.

Trade Council Meets
A regular meeting of the Trades and Labor Council will be held Wednesday evening. Routine business will be disposed of.

Lenroot Will Fire
FIRST GUN TOMORROW

Milwaukee.—Irvine L. Lenroot, of Superior, republican candidate for reelection as junior United States senator, will fire the opening gun of his state-wide campaign at the Pabst theatre here tomorrow night.

He will outline issues as he views them, submit his record and give his position on great questions of the day. United States Senator Hiram W. Johnson, of California, will speak in behalf of Lenroot at the Milwaukee auditorium Friday night.

NO DANGER OF LABOR FAMINE DURING WINTER

Thousands of Men Out of Em-
ployment Are Flocking
to Chicago.

CITY FILLED WITH HOBOES

Lodging Houses Are Filled and
"Bums" Sleep in Parks
—Fear Bread Lines.

By United Press Leased Wire
Chicago—A plentiful supply of labor this winter was predicted here today by lodging house keepers and proprietors of employment agencies on West Madison street, mecca of the middle west for migratory workers.

"With workers' hotels packed to the doors and barrel houses filled, labor shippers see a 'bread line' in Chicago this winter, they said today."

"Chicago is loaded with bums," said John Miller, who operates a free employment agency for a large industry. "They're coming in from all parts of the country. Some can't get work and others are prepared to lay-up for the winter on the proceeds of high wages made during the summer."

"Unable to get a room to sleep in, many are spending the nights in barrel houses and in parks."

Labor said Miller is now beginning to be a drag on the market. Instead of hiring more men, said Miller, railroads and other industries are cutting the working day from ten to eight hours.

"Most all western railroads have already done this," said Miller. "Few shipments are being made and wages are low in that workers get paid for eight hours where before they worked ten."

Most of the workers, employment agents said, are coming in from the far northwest. Many also have come down from Ohio where, it was said, wages were cut in many of the big industries.

"We are turning many applicants away," said Miller.

Miller declared there are now more than 15,000 hoboes in Chicago.

RESUME PROBE OF 'DEATH' IN FIRE

Eau Claire Mystery Case to Be
Subjected to a New
Investigation.

By United Press Leased Wire
Superior, Wis.—Coroner Z. A. Downs today went to Lake Nebagamon to start a new investigation to determine whether Edward J. Sallstad of Eau Claire, is dead or alive.

Insurance companies that paid \$60,000 to Sallstad's beneficiaries after bones had been found in his burned cottage at Lake Nebagamon, declared Sallstad was seen in the west recently.

Miss Dorothy Anderson, Sallstad's stenographer at Eau Claire, who disappeared shortly after the fire, has not yet been located although a nationwide search has been made for her.

District Attorney Archibald McKay asked Coroner Downs to re-open the entire case. The little box of bones, picked from the ruins of the Sallstad cottage and buried at Eau Claire, has been exhumed and examined again. Coroner Downs said he could not say positively whether they were Sallstad's bones.

Authorities have asked Mrs. Alton McPherson to permit examination of the grave of her husband who was buried four days before the fire at Lake Nebagamon. Authorities are investigating a report that McPherson's body was "planted" in the Sallstad cottage.

Sallstad's mother, Mrs. Augusta Sallstad, of Superior, and his wife, Mrs. Leona Sallstad, of Eau Claire, are being questioned. His two children live with their mother in Eau Claire.

WHITEHEAD FAMILY IS
NOW IN M'COY CAMP

By United Press Leased Wire
Jamesville, Wis.—Mrs. John M. Whitehead, a member of the republican state central committee from the first congressional district, today endorsed Robert R. McCoy, democratic candidate for governor.

Her husband, for many years one of the republican leaders of Wisconsin, at a meeting here last night in behalf of Wm. J. Morgan, republican candidate for governor, also endorsed McCoy. The Whiteheads as well as Morgan are opposed to John J. Blaine, republican candidate for governor, who has been endorsed by the Non-Partisan league.

GIRL MANIAC IS RUSS EXECUTIONER

Paris.—A beautiful maniac is chief executioner for the bolsheviks, according to French prisoners returning here today.

The girl, described as a Lettish beauty, with raven tresses and burning black eyes, kills her victims with a revolver, shooting them in the back of the head.

The brawny axemen of medieval days has yielded to a slim girl with an unerring aim and a lust for blood.

The French prisoners were repatriated after having spent a term in Butirka prison in Moscow. That institution, they said, was filled with 3,000 men from all ranks, frock-coated statesmen and smoked workmen, robed priests and uniformed officers, nobles and bourgeois.

Prisoners, they asserted, were executed without trial. Their fate was determined by lottery. Frequently it was the most inoffensive who drew the fatal number.

13 PRISONERS MAY BE GIVEN PARDONS

Governor Will Hear Applications
of Convicts for Freedom
Today.

(Special to Post-Crescent)
Madison—Thirteen prisoners, two convicted for murder, four for burglary, one with assault with intent to kill, four for larceny and two for receiving stolen property, have applied to Governor E. L. Philipp for pardons and will be given hearings Wednesday. The applicants are:

Muke Mernunsh, convicted Dec. 10, 1919 in Milwaukee Municipal court for assault with intent to kill and sent to the House of Correction for three years.

Paul Jones, alias Peter Livingson, convicted Dec. 3, 1918, in Shawano circuit court for burglary and sent to state prison for three years.

James Rosenfield, convicted July 1, 1919 in Milwaukee municipal court of burglary and sent to the House of Correction for four years.

Alfred Trainoski, convicted Oct. 20, 1919 in Superior court, Superior of burglary and sent to state prison for three years.

August Ruff, convicted in Trempealeau county court of incest and sent to state prison for five years.

Peter Werner, convicted July 30, 1918, in Milwaukee Municipal court of burglary and sent to the House of Correction for one year.

Joseph Taruski, convicted May 22, 1918 in Milwaukee Municipal court for murder in the second degree and sent to prison for 25 years.

Minnie Drinkwater, convicted May 28, 1918 in Crawford circuit court for murder in the second degree and sent to state prison for 14 years.

Walter Damske, convicted in Milwaukee Municipal court Feb. 7, 1920 for receiving stolen property and sent to state prison for three years.

Elmer Midway, Herbert Weber, and Jerry P. Schaefer, convicted in Milwaukee Municipal court July 14, 1920 of larceny and sent to the House of Correction for two years each.

Rocco Maglio, convicted in the Milwaukee Municipal court March 3, 1920 of receiving stolen property and sent to

MRS. HALL-QUICK SCORES BIG HIT

Large Audience Is Delighted With Piano Recital by Artist at Chapel.

(By Ludolph Arens)
Appleton music lovers are indebted to Appleton Woman's Club for a delightful piano recital given at Lawrence Memorial chapel last evening by Madame Georgia Hall Quick, well and favorably known to Appleton audiences. She was greeted by an attentive audience which filled the greater part of the auditorium.

BIJOU TODAY

Big Time Vaudeville

Cecille Grey & Co. in a Big Surprise
Jenny & Bohannon in Trailing a Smuggler

Feature Picture
BILLY RHODES in "The Blue Bonnet"

Also a Comedy
Matinee Daily 2:00
Evening Shows 7 and 8:30
Admission 15c and 30c

The program was of the conventional type, admirably built, and balanced, and consisted for the greater part of compositions of highest merit. It opened with the masterly Prelude and Fugue in C sharp major, the third number taken from Bach's clavierbook by Scarlatti concluded the first group.

This was followed by the principal number, the magnificent Chopin sonata in b minor. This composition, according to some authorities is technically the most difficult of Chopin's works.

The third number on the program was an interesting group of modern pieces. The group opened with the whimsical, eccentric serenade in b flat minor by Rachmaninoff. Then followed the well known dialogue by Tchaikowsky, a piece full of dramatic intensity, a sprightly country dance by Mac Paydon and two other pieces by the same composer.

At this point the artist responded to an encore with Chopin's Etude in A flat major, one of the most beautiful

and popular numbers of the entire set of études.
The last group, which closed the program, consisted of two well known transcriptions of song by Schubert and Mendelssohn respectively, and the 12th Hungarian rhapsody, a brilliant and powerful pianistic show piece.
It would be impossible to listen to Mme. Quick's recital without experiencing a deep sense of enjoyment and complete satisfaction. Her technique is simply sufficient, solid and brilliant. Her style is elegant and graceful but quite distinctly masculine. A fact which made her Chopin playing doubly enjoyable. Her climaxes were powerful, tremendous at times but never ill-timed or overdone. Her playing is distinguished by a continuity of logical thought, clarity and poise which betrays a pianist of superior intellect and unusual attainment. Mme. Quick was at her best in the Chopin Scherzo and Finale, but above all in the Liszt rhapsody. In this number she seems to have been quite in her element. Altogether the event was one of unusual significance and charm, a program of beautiful music executed by a most gifted artist.

JUDGE BOTTENSEK AT KNIGHTS TEMPLAR MEET

Judge John Bottensek represented the local Knights Templar at the Wisconsin Grand Commandery at Scottish Cathedral, Milwaukee, Tuesday. Knights Templar from all parts of Wisconsin assembled for the annual convention of the Grand Commandery, which opened at two o'clock in the afternoon. Officers in the order include: John Campbell, Milwaukee, Grand Commander; Andrew D. Agnew, Milwaukee, deputy grand commander; Thomas J. Connor, Chippewa Falls, grand generalissimo; Edward F. Rowell, Kenosha, grand captain general; J. E. Langdon, La Crosse, grand senior warden; Milton M. Jones, Racine, grand junior warden; Sidney T. Smythe, Delafield, grand prelate; Robert H. Lang, Racine, grand treasurer; W. W. Perry, Milwaukee, grand recorder; Fred W. Burt, Wausau, grand standard bearer; C. E. Shaffer, Madison, grand sword bearer; Edmond T. Sanford, Superior, grand warden; John B. Cromwell, Milwaukee, grand captain of the guard.

Mr. and Mrs. G. A. Willen of Chicago autored here Tuesday, accompanied by the latter's parents, Mr. and Mrs. John Grotemont, who have been visiting in Chicago.

MILK PRODUCTION IS FALLING OFF

Only 20 Ellington Cows Produce 40 Pounds of Butter Fat in August.

Milk production is steadily shrinking with the approach of winter and the number of high producing cows.

MEN HEAR Shannon and Higgenbotham Speak, and Capt. "Peg" Sing Y.M.C.A. TONIGHT 7:30

as a consequence is much smaller than a month ago, according to the monthly report of Matthew Nelson, tester for the Ellington Cow Testing association. Only 20 of the 416 cows tested produced 40 pounds of butter fat or more during the month of August.

"Glady's," a grade Guernsey owned by Frank Zahrt, was the best producer with a record of 1,042 pounds of milk and 51.1 pounds of butter fat. The grade Holstein and Guernsey herd owned by Elmer Day led the 21 herds for highest average production per cow with a mark of 867 pounds of milk and 32.6 pounds of butter fat.

George Saubert's herd was second with an average production of 773 pounds of milk and 31.6 pounds of fat. Other high producing herds were:

	Milk Per Cow	Butterfat Per Cow
L. E. Nichols	898	30.3
H. Kreutzberg	764	30.1
F. D. Breitrick & Sons	673	30.1
A. Miskim	672	28.8
B. H. Kirkin	778	28.5
D. P. Halloran	680	28.3
H. Riesenweber	715	28.0
Will Bruh	756	27.3

Records of the ten highest producing cows were:

	Pounds Milk	Per Cent of Fat	Pounds Butterfat
Frank Zahrt	1042	4.9	51.1
F. D. Breitrick & Sons	825	5.9	48.7
H. Riesenweber	1066	4.5	48.0
Dietz Bros.	984	4.8	47.2
F. D. Breitrick & Sons	1006	4.6	46.3
H. Kreutzberg	1327	3.4	45.1
Ed. Lohrenz	832	5.4	44.9
Elmer Day	997	4.5	44.9
Ray Lohrenz	1109	3.9	43.5
F. D. Breitrick & Sons	1093	3.9	42.6

FIVE COMPENSATION ACT CASES TO BE HEARD HERE

Five hearings on claims for compensation under the workmen's compensation act are to be held in the courthouse here Wednesday. It was announced by the state industrial commission which will send a member here to obtain the testimony.

Cases scheduled for hearing are: Bergstrom Paper company against Henry Kauer; Walter Stroemer against Bergstrom Paper company; James Garrity against the town of Kaukauna; Anna Chmela against the Combined Locks Paper company; Charles Martin against the Mollie Typewriter company.

DEATHS

RALPH MAYO
Ralph Mayo, Manawa, died suddenly at five o'clock Sunday evening while on a visit in New London with his wife. The funeral will not be held until the last of the week, when Mr. Mayo's parents are expected to arrive from the west. Mrs. Mayo was formerly Miss Katherine Kerrigan of this city.

Fred J. Hertzfeld of Manawa, was an Appleton business visitor Tuesday.

SHE IS DELIGHTED WITH THE RESULTS

Never Has Headaches Or Dyspepsia Now—Nerves Steady, Too, Since Taking Tanlac

"I am so thankful for the benefits I have received from Tanlac that it is real pleasure to recommend it," said Mrs. Freda Nestle, Apartment 11, Kenosaw Apartments, St. Paul, Minn.
"About a year ago I had a general breakdown brought on by nervous indigestion. My appetite was very poor and the little I did manage to eat always disagreed with me. I was so nervous that the clicking of typewriters, ringing of telephone bells and other noise around the office where I was employed almost drove me distracted and it was utterly impossible for me to get a good night's sleep. I had terrible spells of headache and often became so dizzy that I would fall. I kept getting worse until I had to give up my position and could not even do my housework.
"A friend who had taken Tanlac advised me to try it. I commenced improving right from the first, and in a short while I was feeling like a different person. I now feel as well and strong as I ever did in my life and can do my housework with perfect ease. I have a splendid appetite, can eat three hearty meals every day and never suffer a particle afterward. I have gained several pounds in weight, my nerves are as steady as can be, and I can sleep like a child all night long. I never have a headache or become dizzy any more, and in fact am a well worn, happy person."
Tanlac is sold in Appleton by John T. Volk; F. O. Brown, Shiocton; Dr. J. M. Sattler, Bear Creek; H. E. Abend, Dale; R. E. Lowell, Little Chute.

Town Talk

Motorcycle Damaged

Howard Liethen escaped injury when his motorcycle collided with an automobile driven by Ervin Brandt, Black Creek, Tuesday evening at the corner of College avenue and Appleton street. One fender of the automobile was bent and a tire punctured. The front wheel and fork of the motorcycle were also bent.

Trade Farms

Louis Hintz has traded his 50 acre farm in the town of Grand Chute for a 200 acre tract owned by Gustav Raddler, Black Creek. Both men took possession of their new farms on Wednesday.

Lightning Kills Cow

August Doell, town of Greenville, lost a Holstein cow valued at about \$150 in Sunday's storm. The animal was feeding in the pasture when the

storm broke and was instantly killed by a bolt of lightning.

Community Program

George Behan in "One More American" is to be shown at the community night gathering at 7:30 o'clock Friday evening at the First Congregational church. There will also be an organ recital and community singing. Children are to be admitted if accompanied by one adult.

War Veteran Speaks

Captain Pequi, who is leading the music at the meetings at the Y. M. C. A. this week, spoke to Lawrence students at chapel Wednesday morning. Captain Pequi is one of the 43 survivors of the famous "Princess" regiment, and spent almost four years overseas in service. He spoke on his experiences with the men while in the army.

Charles Karmopp of Chicago, a Lawrence college graduate, is spending several days here on business.

John Alexander of Manitowoc, was a business visitor here Tuesday.

DEMOCRAT AVERS DRUG STORE VOTE IS TAINTED

New York.—Charging that the nationwide straw vote now being taken by the United Drug company of Boston is "tainted," Chairman George White, of the democratic national committee, today issued a statement "publicly calling upon the officers and directors of the company to end the poll at once."

White cites in support of his charge a letter alleged to have been written by H. L. Simpson, sales manager of the company, to one of the salesmen and which has been extensively circulated by the republican national committee, in which the writer advises the salesmen "if you feel prompted to do your part toward the return of a republican administration I say, boy, go to it."

Barnyard fowl have lost the use of their wings through neglect to use them.

Sleeping cars of the Southern Pacific railroad are "pickled" in salt water for a year to increase their durability.

Habit is a Great Thing

SOCCER TEAMS IN LONG TIE BATTLE

Fifth and Fourth Ward Teams Battle to 2 to 2 Tie Tuesday.

The first three games in the schedule of the Grade School Soccer Football league were played Tuesday afternoon.

Fifth ward school played Fourth ward school at the Fifth ward grounds to a 2 to 2 tie, and two ten minute overtime periods were played in a vain effort to break the tie. Dudley Pierce refereed the game.

Columbus - Franklin school won

MANY MOTOR BUS LINES PROMISED FOR APPLETON

Appleton within another year will have half a dozen motor bus lines if reports reaching the city hall have any foundation. Besides those now being operated between Neenah and Appleton and Kaukauna and Appleton there will be one from Seymour, one from Chilton and one from Dale as soon as the Dale-Medina road is completed.

from Lincoln school at Franklin grounds, 6 to 4. The referee was Guy Barlow.

First ward won from Third ward at the First ward grounds with a score of 2 to 1.

Each school will contribute towards a banner, which will be presented to the team with the highest average. The schedule for the remainder of the season is:

Oct. 19 - Columbus-Franklin vs. Fifth ward at Columbus grounds; Lincoln vs. Third ward at first ward grounds; First ward vs. Fourth ward at fourth ward grounds.

October 26 - Columbus-Franklin vs. Third ward at Fifth ward grounds; Lincoln vs. Fourth ward at Columbus grounds; Lincoln vs. Fourth ward at Columbus grounds; First ward vs. Fifth ward at Franklin grounds.

November 2 - Columbus-Franklin vs. First ward at First ward grounds; Lincoln vs. Fifth ward at Fifth ward grounds; Third ward vs. Fourth ward at Fourth ward grounds.

November 9 - Columbus-Franklin vs. Fourth ward at First ward grounds; Lincoln vs. First ward at Columbus grounds; Third ward vs. Fifth ward at Franklin grounds.

Mr. and Mrs. Lucius Craig, Clark Craig and Miss Orpha Craig and Mrs. Caroline Sawyer of Rush Lake autoed to Appleton Sunday where they were the guests of relatives.

DANCE AT STARK'S HALL FIVE CORNERS MONDAY, OCTOBER 18th, MUSIC BY MILL'S ORCHESTRA OF KAUKAUNA. 10-13, 14, 15

BADGERS GIVE TO W. C. T. U. FUND

Appleton Delegates Return From State Conference in Ashland.

Wisconsin went "over the top" and subscribed its full quota of \$30,000 toward the \$1,000,000 jubilee fund which the Woman's Christian Temperance Union is raising. It was announced at the convention of that organization at Ashland Oct. 8 to 11. Over 1,000 new members have been enrolled in the state also. Appleton delegates to the meeting were Mrs. I. B. Wood and Miss Ada Kethroe.

After conferring with the prohibition party and the Anti-Saloon League.

Big Neenah Delegation coming tonight to hear Shannon and Higgenbotham at Y.M.C.A. Let's all go!

gue, the convention went on record as deciding to vote "yes" on the Mulberger act.

By voting "yes" on the Mulberger act, it means one is voting merely for the enforcement of the prohibition amendment, it was explained. The leaders of the convention strongly urged that the delegates help explain the situation.

Among the principal speakers of the convention was Mrs. Mary Harris Armour, who is an international W. C. T. U. worker. Mrs. Armour is a very capable and eloquent speaker. An effort will be made to secure Mrs. Brenner for an early address before an Appleton audience.

Miss Ruth Learned entertained her parents and sisters from Markesan over the week end.

P. A. KORNELY MOVES TO NEW OFFICE QUARTERS

After doing business for 18 years in offices above Thomas book store on Oneida street, P. A. Kornely, real estate dealer, has removed to new quarters at 783 College avenue, above what will soon be the Baltimore Lunch room.

Mr. Kornely moved because the building was purchased by B. F. Carroll, who intends to move his music store to that location in the future and will reside in the upper rooms. The Pulpwood company, also located on the second floor, will move later but has not decided on its location.

Mr. Kornely has larger quarters than formerly, occupying the front suite of three rooms. The building has been remodelled for office purposes and has been attractively decorated. The Wisconsin Dry Milk company has also taken offices in the building.

HALLOWE'EN PRANKS REPORTED TO POLICE

Hallowe'en pranks are already being reported in the Sixth ward. At the home of George Miller, Jr., Randall street, Monday night a crowd of boys tipped over an outbuilding in which several storm windows and a quantity of mixed paint were stored. The glass was broken and the paint which occupied a shelf was spilled over the sash, side and floor of the building. The roof of the building was damaged.

M. R. Suttiff of Park Falls, was here on business Tuesday.

DANCE AT WAVERLY EVERY THURSDAY NIGHT AND SUNDAY AFTERNOON AND NIGHT. 10-13, 14, 15, 16

FOUR FARMERS OFFER APPLES TO PATIENTS

The list of farmers willing to donate surplus fruit to the patients at Riverview sanatorium is growing. Four have telephoned the chamber of commerce to date saying that the Appleton women could have all the windfall apples they could use. They are Mrs. Vogel, Route 2, Shiocton; Mrs. E. F. Letts, Mackville road; Mrs. Laird, Stephenville; Mrs. Albert Schultz, Route 3, Appleton.

The committee will probably wait a day or two before gathering the fruit, as they believe that there will be more responses. Automobiles will be used to visit the farms and convey the fruit to the sanatorium for the tubercular patients, who are said to be without any.

Information about further donations may be telephoned to number 2701.

INDUSTRIAL SURVEY OF THE CITY IS ORDERED

The industrial survey of Appleton will be taken at once, as the result of action taken at the meeting of the industrial committee of the chamber of commerce Tuesday evening. Questionnaires for both manufacturing and retail establishments have been printed, and were approved by the committee. An organization will be worked out to conduct the survey.

A new manufacturing proposition was considered, but the committee withheld action on it pending receipt of further information. A. K. Ellis, chairman, was called away from the city and was unable to attend.

Miss Mary Stiefvater is expected home on Wednesday evening after spending the summer with relatives at Rosendale.

CATCHES CLAMS FOR LABORATORY PURPOSES

S. C. Cox, who has charge of the second dam, has been kept busy during his spare moment the last two weeks catching clams, crawfish and lizards for laboratory work at Lawrence college. The remuneration is such as to make it worth while for him to search for them and when the water conditions are right he has little trouble in finding them. Most of them are hidden beneath the stone below the dam.

He also has a call for all the fish he can catch and at present is supplying several families. A few days ago he saw a sturgeon, the weight of which he estimated at one hundred pounds. He has since learned that several have been seen in the middle level of the river this summer. A few years ago sturgeon were frequently captured by mill men, but of late years they have been protected by law and it is only occasionally that one is seen.

Attorney A. H. Barber of Oshkosh, was here Tuesday on business.

These Shirts Are Fine

THE cuffs are properly made and gracefully proportioned; and when you send them to the laundry you need have no fear that the colors will fade. They come in solid colors with one stiff collar to match. They are new; specially priced

New Automobile Exhaust Heater

for All Motor Cars

Protect Yourself Against Cold Weather

Makes Your Car An All Year Car

A Real Heater—You'll Like It for Nine Reasons

- 1. Easily Installed**
Mechanic can install it inside of a few hours and it stays put. No extra maintenance or loose parts to become noisy.
- 2. A Real Heater**
The Continuous circulation of air around efficient multiple finned radiators will comfortably heat any ordinary car.
- 3. No Odor**
The one piece casting idea is self-evident against any chance for exhaust gases to leak through and there are no loose joints to open.
- 4. Fireproof**
The cast iron radiator is insulated from all woodwork. The floor plates do not touch any part of the coils. The dirt refuse is eliminated by the bottom outlet.
- 5. Dash Control**
The convenient, prompt and complete control is always in reach of the hand variable to suit all weather conditions.
- 6. Easily Cleaned**
There is no chance for dirt accumulation in the housing. The spring trap at the bottom facilitates all dirt and waste being easily dumped or flushed clean whenever necessary.
- 7. No Upkeep Expense**
Your only cost is the low first cost of installation. There is no need for repairs or replacement and your heater can be transferred from the old car to your new one when desired.
- 8. Fits All Motor Cars**
The TEMME AUTOMOBILE HEATER will fit into and provide heating comfort in any type of motor car.

A HARD COURSE TO FOLLOW

The fluctuations of Senator Harding's mind on the league of nations and the issues of peace cover a wide range and are interesting. The following quotations are taken from his addresses since he was nominated for the presidency:

Marion, July 22 (Speech of Acceptance)—I can speak unreservedly of the American aspiration and the Republican commitment for an association of nations co-operating in sublime accord to attain and preserve peace through justice rather than force.

Marion, August 28—It is not uncommon for the advocates of the League of Versailles to contrast unfavorably The Hague tribunal upon the ground that the tribunal "lacks teeth." Very well; then let's put teeth into it.

Same Speech—If the League has been so entwined and interwoven into the peace of Europe that its good must be preserved in order to stabilize the peace of that continent, then it may be amended or revised.

Marion, Sept. 5. (Statement to the Press)—Undoubtedly there is much that is good in the covenant of Versailles. I have no desire to fling that all aside.

Marion, Sept. 6.—We are all agreed now that amendment or revision or reconstruction is possible and vastly better than reservations.

Marion, Sept. 21—If I can have my way we will never enter a fraternity that is founded on force.

Baltimore, Sept. 27—I am without a single program constructive in character about an association of nations. . . . The first thing I will do is to try to find a plan for an association of nations behind which all American's will stand.

Des Moines, Oct. 7—I do not want to clarify those obligations. I want to turn my back on them. It is not interpretation but rejection that I am seeking.

To this meandering collection must be added the record of Senator Harding while in the senate and prior to his nomination for the presidency.

He supported some of the treaty amendments offered by the mild reservationists.

He voted for the Lodge reservations. On Nov. 19, 1919 he voted twice for ratification of the Versailles treaty of peace and league of nations with the Lodge reservations.

On March 19, 1920, when the final vote was taken, Senator Harding was not present, but he was paired for the treaty with Senator Penrose, who was against it.

Finally, Senator Harding voted for the Knox resolution of separate peace with Germany.

It would be hard to conceive of a more wandering or more inconsistent attitude upon a great question of national or international policy than Senator Harding has displayed on the subject of peace and the league of nations. It is not improbable that his course reflects temperament and qualities which explain why the small group of senators under Lodge's leadership decreed his nomination at Chicago and caused it to be made.

Senator Harding has repeatedly voted for the league of nations and the treaty of peace. That must have meant that he favored the creation of the league and the conclusion of peace on substantially the terms of the Versailles treaty. On the other hand he has voted for a separate peace with Germany and has declared in this campaign he wants nothing of the league of nations. One day he is for the treaty with reservations, the next day he is against it in any form. One day he favors "putting teeth" into The Hague

tribunal, which means if it means anything at all that force lies back of the tribunal's decrees, and the next day he is opposed to any league or association of nations founded on force. One day he is for combining the best there is in the league and The Hague tribunal and the next day he wants to kill the entire league. One day he knows and votes for what he wants, and the next day he is "without a single program constructive in character about an association of nations."

What Senator Harding really wants is to be elected president. He has catered to the Johnson-Borah element which is the implacable foe of any kind of a league to enforce peace, he has catered to the Taft element which wants the present league modified or unmodified and he has catered to the reservationists. That clearly is why he is without an idea on the subject, whereas all of the statesmen and really great men of both parties have well defined views on this crucial question. When Mr. Harding is elected president he probably will favor whatever the master minds of the Republican party lay before him. Therein lies the hope that the United States after all will enter the league of nations.

DR. BUTLER'S EDUCATED MAN

That real education is much more than mere book learning has been contended before, but it was left for Dr. Nicholas Murray Butler to omit book learning from his prime essentials except so far as it is involved in the first one he mentions—"correctness and precision in the use of the mother tongue" which can be "gained only from association with good English." In addition Dr. Butler's "educated man" shows (2) "those refined and gentle manners which are the expression of fixed habits and thought and conduct"; (3) sound standards of feeling and appreciation; (4) the power of reflection; (5) the power of growth; (6) the ability to act efficiently without nervous agitation.

Obviously Dr. Butler is describing neither the average man with a college degree nor the hard student of after years whose mind is packed with facts of science. His statement of essentials would rule out an enormous number of supposedly educated, for preoccupied scholars as a class are not conspicuous for good manners. His "educated man" is not only trained mentally but morally and carefully schooled in the refinement of "gentlemen"—an elusive as well as an elastic term—rather more than the man of book learning. But that education in its broader and fully comprehensive sense should include all his essentials there can be no question. True education is a thing of the heart as well as of the head.

TODAY'S POEM
(By Edmund Vance Cooke)

Easy Money
"Easy money," says the Gam.
"What's the Game? It's all a sham
Every League and every Park
Radiates the dollar mark.
Why should anybody care
If you pack your little share?
Easy money; fool the boobies;
Take it from the easy Rubies;
Money's talk is understood;
Get it while the getting's good;
Sell your soul and sell your friends;
Happy is the man who spends!"

"Easy money." Is it all
Gathered in the game of ball?
"Easy money." Is its sign
Written in your work or mine?
Do we serve for each success,
Giving more instead of less,
Or do we, too, reach our goals
For the unearned, easy ails?
"Easy money." Is our toast
"Devil seize the hindmost!"
Each for self and self alone;
"Easy money," grab your own!

"Easy money." Is its rate
Symbol of us as a State?
Purse and paunch alike are filled,
What, then, though our souls be chilled?
"Easy money." So helping hand
Holding back the high and grand
From our fellows of the League,
Painting from the war fatigue
What to us the world's sad need,
Let the generations bleed!
"Easy money," says the Gam.
"What's the Game? It's all a sham!"

TWINS BRING \$100 IN SALE TO MIDWIFE
Paris.—Police are investigating here the charge that Mme. DeDonker, a midwife, purchased new born twins from a poor family for \$100, telling them that a rich butler wished them, when, in fact, she desired to claim them as her own to increase the alimony she wished to obtain from her husband.

WHERE WAS HE DURING THE BIG WAR?
Paris.—Pierre Lamont, taxi driver here, heard one of his tires burst, jumped from the car and made off at top speed, leaving the machine to end its course against a telephone pole. A policeman investigated and returned to the station to find Pierre there and making an excited report that his passenger had fired on him and that only his presence of mind in jumping had saved his life. They gave Pierre the French equivalent of the American "hose laid."

HEALTH TALKS

BY WILLIAM BRADY, M. D.
Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

PREVENTION OF GOITRE

Simple goitre is more prevalent among young persons, especially school girls from ten to sixteen years of age, in certain parts of the country than others. The Great Lakes basin is such a region. Here the condition is remarkably frequent. Among 2,305 school children in Ohio cities, observed by Drs. Marine and Kimball, 495 showed some enlargement of the thyroid gland. In other words, every fifth child has goitre in this particular section.

The reason why simple goitre prevails so frequently in the Great Lakes basin (and there are inland sections in England and in other countries where goitre is abnormally frequent) is not because of anything present in the drinking water or because of anything present in the food, but more likely because of an insufficient amount or absence of iodine in the drinking water or the food or both.

At least Drs. Marine and Kimball, in a thorough investigation of the subject, have found that it is possible to prevent goitre in children by giving iodine or a compound of iodine internally in very small doses for ten consecutive days each spring and autumn. Thus, in 2,190 school pupils, who were given once a day, dissolved in the drinking water, three grains of sodium iodide each, but five showed any thyroid enlargement. Compare that with the number who developed goitre without this prophylactic. Moreover, of 1,182 pupils who showed thyroid enlargement at the first examination and were given the three grains of sodium iodide once daily for ten days, 773 showed a decrease in the size of the neck, which would indicate that iodine may cure simple goitre even after the thyroid is enlarged.

People living far from the sea get little sea food and since sea fish and shell fish and sea weed and sea water and sea salt contain iodine and we know that much iodine is stored in the thyroid in health and that iodine is the natural stimulus of this gland, it seems probable that goitre might be prevented by the use of some such food with regularity inland.

One great student of the subject suggested that common table salt from sources where iodine is known to be present in considerable traces in the salt, should be shipped to these inland sections where the salt is practically free of iodine. In any case, salt sea fish or canned sea fish of various kinds may be had in the most distant places and these foods would probably serve the purpose of preventing simple goitre, if they were more freely used.

The sodium iodide is dissolved in about the quantity of water the child is likely to drink in a day—three grains in, say, a quart of water and taken at will, for ten days and no longer.

It is difficult to account for the fact that these simple goitres are six times as frequent among girls as among boys.

QUESTIONS AND ANSWERS

Only in Fairy Tales

Is there any such thing as a skin food? Please recommend a good one if there is one. (E. M.)

ANSWER—Bread and butter is an excellent one. Meat and potatoes are fine, too, especially potatoes. Outside of modern fairy tales there are no external application which may be honestly termed a skin food. You can feed the skin only in the way you feed the brain, the heart, the nerves or the bones—through the alimentary tube.

Marking

Is it possible for a mother to mark her unborn child by worrying over a disfigured child she happens to see in the third month of her expectancy? (Mrs. M. P. J.)

ANSWER—Absolutely not.

Raw Eggs

I have been taking a raw egg beaten up with milk and sugar for breakfast every morning, along with bread and butter or whatever else there might be to eat. But now a woman tells me the raw eggs must be taken apart from all other food in order to get the greatest strength from it. Please give your advice about this. (E. M.)

ANSWER—It is immaterial when you take the egg, or whether you take other food with it. There is so much nutriment in an egg, and whether you absorb all the nutriment depends rather on the cooking of the egg. A greater part is absorbed if the egg is cooked to your individual taste than when the egg is taken raw. The rest of it is imagination.

Constipation

I have been eating a great deal of fruit and vegetables. Would that account for constipation? Please advise what I should take, but don't advise castor oil or salts for I have taken a lot of these with no benefit. (E. H.) (I am seventeen.)

ANSWER—No benefit is right. You might say rather with aggravation of the trouble you sought to overcome. Send a self-addressed, stamped envelope for extended instructions how to overcome the habit of constipation.

TWENTY-FIVE YEARS AGO

Wednesday, Oct. 15, 1895

T. A. Willy entertained several friends at a game dinner at the Sherman house.

John Koler and Henry Pindle were visiting Milwaukee friends.

William H. Zuehlke assumed his new duties as stamp and registry clerk at the postoffice.

Mr. and Mrs. A. B. Whitman attended the semi-centennial celebration at Milwaukee.

Usually good features of the current copy of the Lawrencean were letters from Dr. Lummis and Prof. Mercia telling about how they spent their vacations. Dr. Lummis took a trip to his boyhood home in New Jersey, while Prof. Mercia employed himself in zoological work along the Tippecanoe river in Indiana.

George H. Babcock purchased the insurance business of E. E. Crider and consolidated it with his own. In company with W. A. Clark he rented a handsome suite of offices in the new building of the Albion Land company.

F. W. Kutter sold his brick yard near Mud Creek to the Baechter Bros. of Manitowoc.

The Dale Cheese and Butter company filed articles of incorporation with the register of deeds. The capital stock was \$3,000 and the incorporators were Henry Leppia, John Leppia and Henry Spindler.

The London Times said that a remarkable instance of the depressed condition of agriculture in that country was afforded at the sale of Langdon Abbey, near London, where 839 acres of land, with farmhouse, stabling, homestead and seven modern cottages only realized 5,700 pounds sterling, less than nine pounds sterling per acre.

PAID FOR COFFIN THOUGH STILL ALIVE.
London.—Sergeant Charles Whitcroft contracted cholera during service in India. He was certified dead and placed in a coffin. Then he came to and kicked the lid off the coffin. Now Whitcroft's kicking because the war office deducted the cost of the coffin from his pay.

TRUSTY GUITAR FREES HIM AGAIN.
San Diego.—Charles Wilson, known to Pacific coast police as "the man who plays himself out of jail" is free here with the aid of his trusty guitar. Wilson charmed the detective force with "Fire's Song" after he had been arrested for vagrancy. He is usually either just being released as a vagrant or just being released as a musician.

Presidential Campaigns

By Frederic J. Haskin

XX. The McKinley-Bryan Race of 1900

Washington, D. C.—Long before the national conventions met in the summer of 1900 everybody knew that the Republicans would renominate President McKinley, and that the Democrats would again follow the leadership of Mr. Bryan. McKinley's renomination was made certain because of the great prosperity which blessed the country, because of the successful issue of the War with Spain and because of the perfection of the organization of the Republican party under Mr. Hanna and the coterie of Republican senators that stood with the administration. Bryan's renomination was made certain by his popularity with the rank and file of his party, notwithstanding the bitter and intense opposition of the "gold" Democrats.

The renomination of Bryan in 1900 is the only instance of the renomination of an unsuccessful candidate for President in the campaign next after his defeat. Jackson was a candidate in 1828 after his defeat in 1824, but as he had the plurality of both popular and electoral votes in the first race, and as there were no party nominations then, his case is not a precedent. Henry Clay was three times a candidate for President, but only once was he recognized nominator of a party and that was in the campaign after the one in which he was defeated for the Whig nomination by General Harrison. Grover Cleveland was nominated in 1892 after his defeat in 1888, but as he had served one term in the White House he could not be considered a wholly unsuccessful candidate.

No man who has met defeat at every turn of his career in national politics has been able long to retain the leadership of one of the two great parties with the single exception of Mr. Bryan.

New Factors in Politics.
Between the presidential campaign of 1896 and 1900 things had happened which were to change the whole course of American national life.

War was declared on Spain, and in less than four months it was over. The American victory was complete and the United States had suddenly become a "world power." In the sense the phrase is used in European chancelleries.

As the result of the war the United States found itself in the possession of several things it had never had before. There were the colonies—the Philippines, Porto Rico and Guam. There was the protectorate—Cuba. There was the extra-territorial tariff problem and the question, "Does the Constitution follow the Flag?"

In addition to these new things, the nation also had the new crop of war heroes. Chief among these was Theodore Roosevelt. Others were Admirals Dewey, Schley, Sampson and Lieutenant Hobson. Mr. Bryan had endeavored to become a war hero, too, but the regiment which he commanded was not permitted to get further away than Tampa.

How Dewey Quered Himself.
Admiral Dewey was the great naval hero. Naturally, he was discussed as a candidate for President. He made the fatal mistake of taking the first "mention" as seriously as if it had been a call from the notification committee of a national convention. He accepted a nomination in advance of its being offered, and was promptly laughed into oblivion. Sampson and Schley were involved in a controversy that removed both of them from the hero class. General Joe Wheeler had been a "rebel general" and was out of the question politically. General Nelson A. Miles and Colonel William J. Bryan did not get to the front.

Thus it happened that when two years had gone by and the country faced another quadrennial struggle for the Presidency, it found that the War with Spain had produced but one genuine war hero who had lasted. That was Colonel Roosevelt. He hadn't been high in command in the Army, but he had organized a picturesque regiment and had done many picturesque things. He had actually participated in a battle and had proved his eagerness to fight.

The Republicans of New York State had taken him up and had elected him governor, not so much because they wanted him, but because he was the only man who could win. As has happened since, the Republican bosses found that a governor so selected might be entirely too self-willed to rule the roost at Albany to suit the organization. In those days the will of Thomas C. Platt was law in Republican organization in New York.

But among other classes Mr. Bryan could not hold his own. The Republicans made the "full dinner pail" the paramount issue. As for the colonial policy, that was manifest destiny and duty to humanity. The thing to talk about was prosperity. The country was prosperous and was becoming more so every day. It was entering upon the most prosperous era of its industrial history. The people seldom turned out an administration in good times.

Therefore Mr. McKinley was re-elected by a much greater majority than he had received four years before. There was never a time during the campaign when McKinley was in any danger of defeat. The Democrats accepted his re-election as a matter of course. The mingling of northern and southern soldiers in the campaigns in Cuba and the Philippines had obliterated the last vestige of the old sectional strife and when President McKinley made his southern tour he buried the "bloody shirt" for all time to come.

At Schmidt's

you can throw away your ears and still have all your senses.

That may sound ridiculous—but it's right.

In buying a Fall suit or Top Coat here—you only have to bring in your chest, neck and eyes—we'll fit the first two—and leave the rest up to you.

No long yarns about our yardage.

No myths about our models.

No fibs about our figures.

We simply show the clothes—mention the prices—and leave it to your optics whether or not we make the sale.

In a word—our models are the last word in style—our patterns are the essence of politeness—and our values—well—they are so big and outstanding that if you came in for a brown suit—and we didn't happen to have it—you would be tempted to change your color—rather than change your clothiers.

MATT SCHMIDT & SON

ANNOUNCEMENT

Wish to announce that I am now located in my new offices at 783 College Ave., directly opposite the 5 & 10 cent store.

Postpone Party
The card party planned for Thursday by the Ladies Aid Society of St. Joseph church has been postponed to a later date.

Hallowe'en Party
The arrangement committee in charge of the Hallowe'en party to be given by the Parent-Teachers association of the Third ward school has decided upon Friday evening, Oct. 23, as the date. The early part of the evening will be devoted to Hallowe'en games and amusements and will be followed by cards and dancing. Refreshments will be provided. The party will be preceded by a business meeting.

Entertains at Dinner
Miss Jean Brigham, Rankin street, will entertain a few young lady friends at a dinner party at her home Friday evening.

W. R. C. Meeting
The Woman's Relief Corps, auxiliary to the Grand Army of the Republic, will hold a regular business meeting at 2:30 o'clock Friday afternoon at I. O. O. F. Hall. Balloting upon candidates and routine business will be transacted.

Resinol
for that skin eruption
You don't have to wait to know that Resinol Ointment is going to overcome your skin trouble. It gives such quick relief from the itching and burning and so generally succeeds in clearing away the eruption that, with Resinol Soap, it is the standard skin treatment in thousands of homes.

Resinol products sold by all druggists.

Sorority Parties
The Delta Gamma sorority will entertain active, alumnae and pledges and friends at an informal dancing party Saturday evening at the K. P. Hall. Mrs. H. K. Pratt will entertain the active and pledges of Sigma Alpha Iota at a party at her home on Lawe street Friday evening.

Announce Engagement
Mr. and Mrs. J. F. Kauders, 688 Shepard Avenue, Milwaukee, have announced the engagement of their daughter, Helen Ullman, to Ellis Heilbrom of Brooklyn, N. Y.

Dance in Hortonville
A dancing party is to be held in the Hortonville Opera house Tuesday evening, October 19. Music will be furnished by the Valley Country Club orchestra of Neenah.

K. C. Ladies' Party
Ladies of the Knights of Columbus will hold their first card party of the season at the K. C. club rooms Thursday afternoon. Bridge and schafskopf will be played.

Dance in Darboy
A dancing party is to be held in Ashauer's hall in Darboy Thursday evening. Music will be furnished by Stecker orchestra. Several Appleton people are planning to attend.

Christian Mothers Party
The Christian Mothers of St. Joseph church will give a card party and social on Wednesday evening at St. Joseph hall.

Country Club Dinner
Mrs. Whiting of Menasha will entertain the active and pledges of Phi Mu sorority at a dinner at the Country Club Friday evening.

Students Engaged
The engagement of Elizabeth Black, Shawano to Robert Turner, Brandon, was announced at an informal Alpha Delta Phi sorority party at the sorority house, Alton street, Tuesday evening. Miss Black is a member of the Alpha Delta Phi and the Mu Phi sor-

GOSPEL TEAM SPEAKERS AT EVANGELICAL CHURCH

The Rev. Hugo Bernhardt of Denmark, and the Rev. William Glaser of Bondel will speak in the interest of the "Forward Movement" at 7:30 o'clock Wednesday evening in the Emanuel Evangelical church. Both the speakers are members of the Appleton district gospel team.

The Rev. B. O. Mascham, Neenah and the Rev. C. Edward Kachel, presiding elder of the Appleton district, will conduct the services Thursday evening.

SAYS LABOR MUST DROP WITH CUTS IN PRICES

Janesville.—The "industrial democracy" that grew out of the war has proved a fad, according to A. R. Glancy, assistant chief of the Samson Tractor company here, one of the largest subsidiaries of the General Motors corporation.

He stated that labor must take note of the "writing which is appearing on the wall" and as prices start to come down they must realize that wages must come down also and must show more co-operation.

The Samson plant recently lessened its production, halting all night shifts, and is attending Lawrence Conservatory. Mr. Turner is a member of the Phi Kappa fraternity.

Chemistry Club
The first regular meeting of the Chemistry Club was held at seven o'clock Tuesday evening at Science hall. Mrs. Link, professor of chemistry, addressed the students. Refreshments were served.

To Wed in Little Chute
Announcement was made Sunday at St. John church at Little Chute of the approaching marriage of Miss Ethel Mollen and Walter Zarnow, both of that village. Miss Mollen has been employed in Appleton for some time.

Little Chute Dance
A dance will be given at Lamer's hall at Little Chute next Monday evening. Music will be furnished by a Kaukauna orchestra.

BIG INCREASE IN CORN CROP GUESS

Condition of the Crop in Outagamie County Far Above Normal.

Over 5,000,000 bushels of corn, 1,500,000 bushels of potatoes and nearly 5,000,000 pounds of tobacco were added to the Wisconsin crop prospect during the month of September states Joseph A. Becker, of the Wisconsin Cooperative Crop Reporting Service.

Beneficial rainfall during the first ten days of the month, followed by warm weather, caused a substantial growth and insured ripening of all growing crops.

The Wisconsin corn crop is now forecasted at 71,855,000 bushels, compared with 66,204,000 on September 1, 1919.

5,471,000 harvested in 1919 and a 5-year average (1914-1918) of 56,494,000 bushels. Nearly all corn is now safe from damage by frost.

Condition on October 1 was 88 per cent of normal, compared with 82 on September 1, 87 a year ago and a 10-year average of 80.

The United States corn crop showed a further increase in crop prospect.

MEN HEAR Shannon and Higgenbotham Speak, and Capt. "Peg" Sing Y.M.C.A. TONIGHT 7:30

Forecast from October 1 condition was 3,216,192,000 bushels, compared to 3,131,349,000 on September 1, 2,917,460,000 produced last year and a 5-year average of 2,760,484,000 bushels.

Condition on October 1 was 89.1 per cent, compared with 86.4 a month ago, 81.3 a year ago and a 10-year average of 74.8 per cent.

The Wisconsin potato crop increased from 29,821,000 bushels forecasted on September 1 to 31,318,000 on October 1, compared with 28,199,000 bushels produced last year and a 5-year average of 29,133,000.

Potatoes in the central counties of the state continued green until the frost of September 30-October 1. Condition is estimated at 76 per cent, compared with 74 on September 1, 68 a year ago and a 10-year average of 74.

The United States potato crop prospect on October 1 was 414,936,000 bushels, compared to 412,383,000 bushels forecasted on September 1, 357,801,000 produced last year and a 5-year average of 382,000,000 bushels.

Condition on October 1 was 82.7 per cent, compared to 84.3 on September 1, 67.9 on October 1 last year and a 10-year average of 72.3.

The preliminary estimate of per acre yield of cabbage is 10.2 tons per acre, compared with 7.3 last year and 8-year average (1911-18) of 8.1 tons.

Production is estimated at 153,000 tons, compared to 81,000 last year and 125,000 in 1918.

The preliminary estimate of yield of cabbage is 7.0 tons per acre, compared to 5.3 last year and an 8-year average of 5.6 tons.

Condition of sugar beets on October 1 was 84 per cent, compared with 86 on September 1, 87 a year ago and a 10-year average of 88.

Forecasted production is 175,000 tons, compared to 163,000 on September 1 and 117,000 tons produced in 1919.

Production forecast for the United States is 8,970,000 tons, compared to 8,929,000 on September 1 and 6,421,000 tons in 1919.

In Outagamie County condition of corn on October 1 was 90 per cent, compared with a 5-year average of 78 per cent; of potatoes, 83 per cent compared to a 5-year average of 76 per cent.

"Diamond Dyes" Take No Other

Don't Spoil or Streak Material in a Poor Dye

Buy "Diamond Dyes"—no other kind—these perfect results are guaranteed even if you have never dyed before. Druggist has color card. adv.

RAILROAD JACK MAKES HIT AT CITY SCHOOLS

Harry Cooper of Oshkosh, familiarly known as "Railroad Jack," boasts a collection of splendid testimonials from leading Appleton people as to his historical knowledge and ability to remember names and dates.

He has appeared before the pupils of several public schools and has pleased his hearers with his readiness to answer questions.

Jack also appeared before the student body of Lawrence college and was written up at some length in the Lawrentian. He donated \$25 to the new Lawrence band and also gave \$10 to the high school football team.

He states that he is so favorably impressed with Appleton that he intends to spend most of his time here while in Wisconsin. He spends the major part of his time at Detroit, where he draws large crowds.

He has been in the city about two weeks and usually holds street corner meetings in the evening. He carries a sleeping bag and spends his nights slumbering in the open.

ST. JOSEPH BOWLERS WILL FORM A LEAGUE

Organization of a bowling league to make use of St. Joseph hall alleys is to be started at once. Names of bowlers who wish to become members are to be left at the hall or with the Rev. Father Josaphat at St. Joseph parsonage not later than Thursday night, it was announced.

Heretofore the league has been made up of six or eight teams of five men each and it is proposed to form the same kind of an organization this year.

LITTLE CHUTE PEOPLE FORM BASKETBALL TEAM

The members of Holy Name society of Little Chute have organized a basketball team which is at present arranging a schedule for the coming winter. The team is composed of experienced players in their teens who will meet high school and city teams of practically all the surrounding cities.

get it at the R. C. Lowell Drug Co.

K. OF C. SPEAKER COMES HIGHLY RECOMMENDED

Peter W. Collins, Massachusetts industrial leader who speaks here Tuesday under the auspices of the Knights of Columbus, comes highly recommended. He is to speak at Lawrence Memorial chapel on the subject of "Boishevism, the Red Menace," and the gathering will be free to the public.

Mr. Collins has spoken in Appleton before and is known to a number of men of the Appleton council. One of his testimonials is from Prof. Bushnell, formerly of Lawrence college.

Many other leading men have paid high tribute to his ability and intimate knowledge of conditions.

Mr. Collins' lecture is one of a series in the reconstruction program of the Knights of Columbus. It is described as one in the cause of God and country, of civic righteousness and the general welfare.

Speaks Here Friday

A. E. Bowen of Madison, prominent political leader in the southern part of the state, will deliver an address at a meeting in Trades and Labor hall at eight o'clock Friday evening. He will discuss the Non-Partisan League and its principles.

William Brackett spent the week end in New London with friends.

Ladies Let Cuticura Keep Your Skin Fresh and Young

Soap, Ointment, Talcum, etc., everywhere. Address: Cuticura Laboratories, Dept. 5, Malden, Mass.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tender, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

The E. W. Rose Co., Cleveland, O.

START MILK LUNCHES IN SCHOOLS OCT. 25

The date for the starting of milk lunches in the public schools has been postponed from Oct. 18 to Oct. 25 as a result of a conference of the principals of the schools and a committee from the health department of the Woman's Club. It was found impossible to complete all the arrangements for serving the lunches at the early date.

The majority of the schools will be served this year, several schools having manifested a desire to be added to the list.

Too Weak to Do Anything

The ordinary every-day life of most women is a ceaseless treadmill of work. How much harder the tasks become when some derangement peculiar to her sex makes every movement painful, and keeps the nervous system all unstrung until life seems hardly worth living. Every woman in this condition should profit by the experience of these two women whose letters follow.

Read the Experience of These Two Women

Reading, Pa.—"I had organic inflammation, pains in the side and back which were so sharp that they pulled me to my knees, and I could not walk. I had an operation and still I failed, and in the eight years I suffered I had four doctors and none helped me. My mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I was then in bed, and after the first bottle I could be out of bed, then I took Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and also used the Sanative Wash. I still take the medicine and am able now to do my own housework. My friends say, 'My! but you look well—what do you do? Who is your doctor?' And there is only one answer, 'Lydia E. Pinkham's medicines which I gladly recommend.'"—Mrs. Wm. Stein, 560 Douglas Street, Reading, Pa.

Ailing Women Should Not Experiment—But Insist Upon

Lydia E. Pinkham's Vegetable Compound

Morrissey Successor

The Rev. Michael J. Huston, chaplain of the National Soldiers' home in Milwaukee for the last 17 years, has been appointed pastor of St. Patrick church in Milwaukee to succeed the late Very Rev. John Morrissey who was buried here last week. The appointment was made by Archbishop S. G. Messmer. Father Huston is one of the best known priests in the Milwaukee archdiocese.

Cabbage Inspector

S. E. Schreiber, Madison, inspector for the Wisconsin Bureau of Markets, is spending a few days in Appleton inspecting cabbage delivered to buyers to ascertain if the grading regulations are complied with. The law specifies two grades for domestic and the Danish cabbage. Mr. Schreiber is warning farmers that the rules must be obeyed and all cabbage which is not properly graded will be rejected.

Cashier Resigns

Miss Catherine Herman has resigned her position as cashier at the American Railway Express company. She will be succeeded by Morris Barthol, Milwaukee, who arrived here Monday.

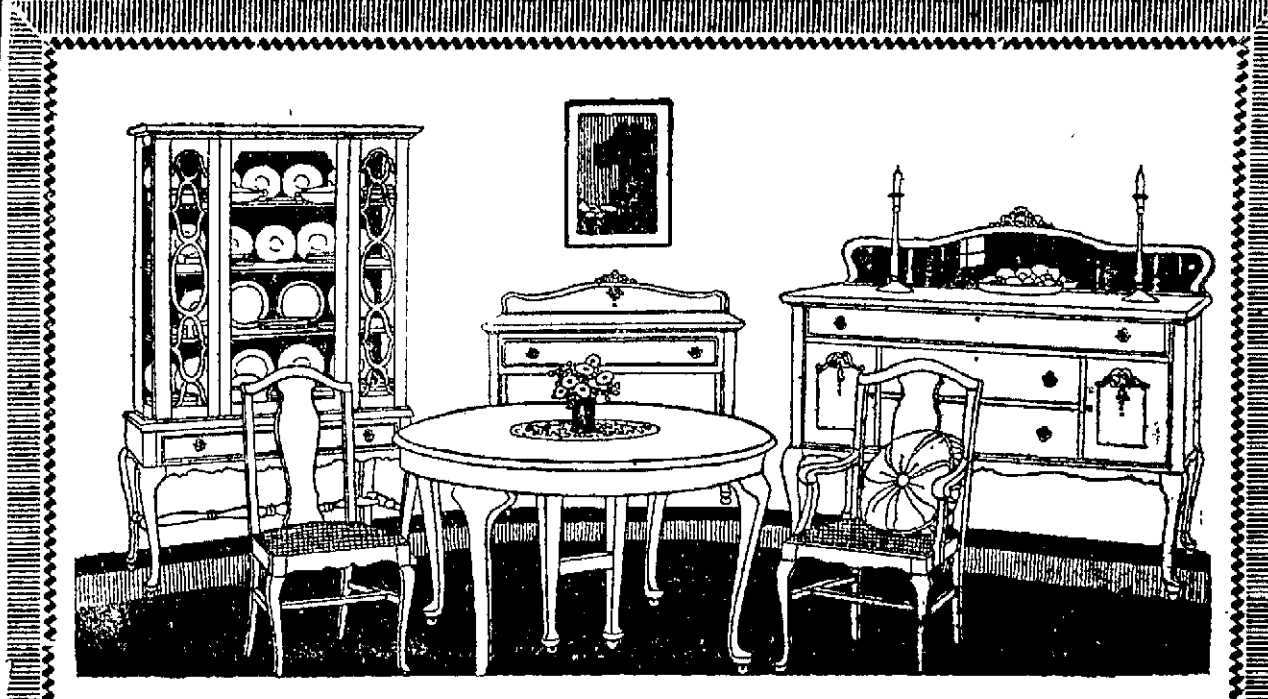

The Misses Angela Lamers and Lorena Buchholz visited Oshkosh friends Tuesday afternoon.

NEWS OF INTEREST FROM COUNTY AND STATE

MINNESOTA IS HIT BY BADGER RULING

Rate Increase Granted Wisconsin Company Applies to Gopher Customers.

Madison—The Railroad Commission, in granting a general increase in electric rates to the Wisconsin-Minnesota Light & Power company in all the cities in which it operates in Wisconsin, authorized the company to cancel its contracts with the Northern States Power Co. of Minneapolis, on the ground that the contract with the Minnesota company was unreasonably low. The Minnesota cities of Red Wing and Wabash, in which the Wisconsin-Minnesota company retails electric current, were treated exactly as if located in Wisconsin, consequently the company is not allowed to charge to Wisconsin customers losses incurred on business done in Minnesota.

The new rates for lighting in La Crosse, Eau Claire and Chippewa Falls start at 11 cents per kilowatt hour, in Menomonie at 12 cents and in the smaller cities and villages at 15 cents, while the new wholesale rate will be the same over the entire system. It was held that the revenue received was not a sufficient return on the property. The new rates are still lower than those prevailing in Milwaukee and eastern Wisconsin generally, owing to the great volume of business.

TWO STICK-UP MEN ARE APPREHENDED

Men Who Held Up Bloomer Station Caught at Cloquet, Minn.

Eau Claire—Two young men are held at Carlton, Minn., on charge of robbing the Omaha station at Bloomer, Wis., Oct. 1, and that at Carlton, Minn., Sept. 28. They call themselves Jack Brickley and Jim Peterson.

In both instances the robbers followed the same procedure, covering several employees with their guns, bidding them lie on the floor and proceeding to ransack the place, and then deliberately holding up some driver whom they ordered to take them in the one instance to Eau Claire and in the other to Duluth.

Two boys at Cloquet saw two men go down the track and hide a package near the tracks. The boys hurried to the station agent with their story. The agent investigated and found guns, knives, and ammunition in the cache. The boys took police to the restaurant where they had watched the strangers go, and the police held guns on the two.

Fro m Bloomer Miss Hilda Montzhus, train dispatcher, Ernie Febr, and Charles Reetz, driver of the bandits to Eau Claire, went to Carlton and identified the two arrests as the Bloomer bandits. In their possession the suspects had a gun taken from the Carlton station agent and a key bearing the number and firing the station lock. Febr was most certain in his identification as he had talked with the men in the Bloomer hotel.

On return of the Bloomerites at 8 o'clock that night the entire town of Bloomer met them at the station and marched down the street with them.

The St. Louis county grand jury indicted the bandits at Duluth.

CASUALTY HOODOO HITS HARTFORD HIGH TEAM

Hartford—Wayland academy's football team started to play the Hartford high school team here on Saturday and by the time the second half was over it was decided mutually to call it a game. Hartford contemplated its casualties on Monday and concluded that it had had enough football for the whole season, and perhaps more.

The casualty list:

Marvin Maas, bone in thigh broken.

Leslie Gerndt, lower leg bone fractured.

Harold Delson, arm probably broken.

An X-ray is being made to disclose the extent of Harold Delson's injuries.

"We lay it simply to hard luck, and are not making any charges of rough playing," said Principal George B. Hagerson. "Last year we suffered serious injuries, including broken bones, and when this season seemed to show that the hoodoo was still working we decided to give up football and make this school a basketball and track athletics school."

When Saturday's game ended, the score was: Wayland, 43; Hartford, 0.

STEPHENSON ESTATE GIVES PARK TO CITY

Marinette—The city council last night formally accepted the gift of the Isaac Stephenson estate to the city of Marinette of a strip of land about three blocks long on the river front and half of Stephenson island in the river for park purposes. The river front has been used as a sort of park for years, but plans are being made now for the further improvement of the front and island. A footbridge will be built across to the island and ultimately another bridge will be built to what is known as Boom island, giving Marinette an unexcelled river park system, located between the two cities of Marinette and Menominee. The gift of the Stephenson estate is valued at thousands of dollars. It was a plan that the late Isaac Stephenson was working on when he died.

MEDINA AID SOCIETY TO MEET ON THURSDAY

(Special to Post-Crescent)

Medina—Mr. and Mrs. Perry Angus spent Friday and Saturday here. Miss Martha Wilson of Appleton visited relatives here over Sunday.

Mr. and Mrs. Charles Knaack and Mrs. Lucinda Earl spent Thursday with friends at Appleton.

Mr. and Mrs. Frank Wilson and son Leon and Mr. and Mrs. Earl Johnson of Berlin were guests at the M. E. Krueger home Sunday.

Mrs. John Stuck spent part of last week. Mrs. Harry Pritchard, Mrs. A. Van Alstine, Mrs. Lynn Root and Mrs. M. Lesslyoung were Oshkosh callers Wednesday.

Mrs. Mary Hockett visited her daughter, Mrs. A. L. Collar at Hortonville Sunday.

Mr. and Mrs. M. P. Gallea of New London visited here last week.

The Misses Frances Ruppel and Muri Hills of Oshkosh spent the week end at their homes here.

Sol Rhoades visited at Hortonville Friday.

Mrs. Frank Sweet and daughters of Burlington are spending the week with relatives here.

Mr. and Mrs. Irving Zuehlke of Appleton were guests at the E. W. Bryner home Sunday.

The Ladies Aid Society will be entertained at the home of Mrs. Charles Langman on Thursday, Oct. 14.

Mr. and Mrs. J. H. Ruppel were Appleton callers Saturday.

Mr. and Mrs. Fred Weitzel of Appleton spent Sunday in this place.

E. Gallea of New London visited here part of last week.

Mr. and Mrs. Ardie Van Alstine and Mrs. Lynn Root made a trip to Appleton Monday.

SON OF NOTED AUTHOR TO WORK WAY IN U. OF W.

Madison—David Sinclair, 18 years old, son of the noted socialist and author, Upton Sinclair, has entered the University of Wisconsin as a freshman with the intention of working his way through.

He has just graduated from the Greenwood, Miss., high school. Asked why he chose Wisconsin, when his father resides in Pasadena, Calif., young Sinclair answered:

"My dad chose this university because he believes it to be one of the most liberal in the country. You see, I've been to school chiefly in the east and way out west, so I thought this would be a good place now. The east is so much more conservative than the middle west."

Mr. Sinclair is enrolled as a student in engineering, but he isn't sure yet whether he will be an engineer or an author, like his father. He cannot yet see any particular reason why he could not be an engineer and an author too.

THE TREATMENT OF BROKEN DOWN ARCHES A SPECIALTY.—DR. A. H. WOLFE.

PROPERTY VALUE HITS HIGH MARK

Estimated Worth of Eau Claire Real Estate Jumps 50 Per Cent.

Eau Claire—Eau Claire's assessed valuation for 1920 is \$21,845,317, an increase of more than \$6,000,000 over last year. The greatest increase is in real estate valuations, the 1920 valuation being placed at \$16,238,670 as against \$10,243,360 in 1919.

About \$5,000,000 of this increase is a flat 50 per cent added by the assessor to 1919 valuations on real estate on instructions from the city council, which aimed to get valuations based as close to the true value as possible, the balance of the increase being due to new improvements and buildings.

The assessed valuation of the county of Eau Claire for 1920 is \$43,866,587, an increase of \$13,338,336, or 44.5 per cent. These are the largest yearly increases in the history of both the city and county.

PERSONAL ITEMS ABOUT GREENVILLE PEOPLE

(Special to Post-Crescent)

Greenville—Henry Thiel was an Appleton visitor Monday.

Edwin Schroeder of Hartford spent Sunday at his home here.

Mr. and Mrs. Harry Marx and family of Hortonville spent Sunday at the home of Charles Haas.

Mamie Knapstein is spending a week in Milwaukee.

Mr. and Mrs. Earl Gilson were Hortonville callers Monday.

FARMERS, ATTENTION! Wanted to Buy 75 dressed hogs weekly, light hogs preferred. We can also use any amount of dressed veal and chicken.

HOPFENBERGER BROS. Phone 224.

Martha Borchardt was a Darboy visitor Sunday.

Mrs. Henry Mills, Mrs. H. Much and daughter Laura were Appleton visitors Monday.

Mrs. Albert Borchardt, Arthur and Dorothy Borchardt were Appleton callers Saturday evening.

Wilbur Kempen of Marshfield spent Saturday at the home of D. Schmitt and also his wife who is confined in St. Elizabeth hospital.

Lydia, Erna and Eldora Borchardt were Appleton visitors Wednesday.

Mr. and Mrs. Albert Borchardt visited with Mr. and Mrs. Louis Bruin of Stephentown Sunday.

Edna Nieman was an Appleton visitor Wednesday.

LEEMAN WOMAN SUBMITS TO OPERATION ON EYES

(Special to Post-Crescent)

Leeman—Mrs. Orville Diemel, Miss Marjorie Nagreen, Leonard Allen and his mother, Mrs. Thomas Allen, autoed to Appleton Wednesday afternoon where Mrs. Allen submitted to an operation on her eyes. Mrs. Diemel, Miss Nagreen and Mr. Allen returned home Thursday afternoon.

The F. R. A. lodge met with Mr. and Mrs. Henry Leeman last Thursday evening. The lodge will give an old time dance at Jones' hall Saturday evening, Oct. 16.

Andrew Allen and daughter, Mrs. Mattie Aures, visited Mr. and Allen's granddaughter, Mrs. Alice Dietzler, over Sunday.

Mr. Dithmar of Oshkosh transacted business here on Monday for the interests of the Oshkosh 4 Wheel Drive auto trucks.

Jaake Moder of Appleton was a business caller here Tuesday.

The American Legion will give a dance at Ashauer's hall Thursday evening, October 14. Stecker's orchestra will furnish music.

GIRL EQUESTRIANS LOSE WAY AND ALARM PARENTS

Kenosha—Grace and Cecile Schmorrov, aged 10 and 13 years, respectively, who were missing from home Saturday afternoon, can't understand why they should not have taken a horseback ride without having reports go out that they were kidnaped or that "something awful had happened to them."

The children rented two horses at a Kenosha livery stable on Saturday and struck out in the country. It was learned after a frantic search had been conducted for them.

They were found in good hands in a farm house on the Green Bay road, where they were awaiting the farmer's help to show them the way home. They had become so absorbed in the scenes along the highway that they forgot which road led them back to Kenosha.

OFFICERS CAPTURE TWO STILL AND OPERATORS

Wisconsin Rapids—Two moonshine stills, one in full operation, together with prepared mash, were confiscated in raids by a state deputy prohibition officer, Ben Parkinson of Madison, and Sheriff C. W. Blunt and Chief of Police R. S. Payne of this city. "Both alleged proprietors of the stills, Stephen Skiba and Joseph Wojcik, were taken completely by surprise and offered no resistance. The first still was discovered on a farm belonging to Joseph Wojcik, about one mile from the city. The second still was found on a farm belonging to Stephen Skiba. Both Skiba and Wojcik are said to have come to this city about three months ago, purchasing small farms near the edge of the city. They were taken before Judge W. H. Gettis, where they waived examination and were bound over to the circuit court on \$500 bail.

There was a time when we exhumed our furs from cold storage or moth balls, but now we send 'em to the cleaners and continue wearing them.

The Gasoline Situation in 1910 and Now

IN 1910 there were approximately 400 thousand cars in the United States.

To operate these cars there was available a gasoline production of 750 million gallons, or, approximately, 1875 gallons per car.

In 1919 there were more than 7 million cars and trucks operating in the United States.

To supply these engines there was available, according to Bureau of Mines Report, 3 billion, 957 million gallons of gasoline, or, approximately, 565 gallons per car.

In neither case has consideration been given to the demand of tractors, stationary gas engines, or the gasoline required by the arts and industries. Nor have we considered the large volume of this product shipped abroad annually.

The above figures are presented so that you may visualize one of the problems the petroleum industry has been called upon to solve in the past decade.

In 1910 the Standard Oil Company (Indiana) marketed about 20 percent of the gasoline output of the United States, or approximately 150 million gallons. In 1919 this Company sold about 640 million gallons of gasoline, or about 17 percent of the total for that year.

It has been the task of the 7 men who manage the affairs of the Standard Oil Company (Indiana) for the 5124 stockholders, not one of whom owns as much as 10 percent of the total, to expand the organization not only to keep pace with, but to keep ahead of the extraordinary and persistent demand for gasoline.

How well they have succeeded is illustrated clearly by the fact that in the 10-year period above mentioned, the Standard Oil Company (Indiana) has taken a leading part in increasing gasoline production 440 percent, while crude oil production increased only 94 percent.

From the maple groves of Vermont and Canada comes the rich flavor of the new Karo Maple

Delicious maple flavor and moderate price sold over five million cans of Karo Maple last year. A money-saving hint to many mothers

Over a thousand tons of the purest and finest flavored maple sugar are used annually to make Karo Maple delicious enough to be the preference of those who enjoy maple syrup.

The world's largest users of maple sugar are the makers of Karo Maple. Karo Maple outsells, by far, every kind of maple syrup.

The price is remarkably moderate—economical enough to serve daily to all the family.

Serve it to the children on their bread, and to all the folks on waffles, griddle cakes, or crisp, buttered toast.

Our belief that you will like Karo Maple equally as well as millions of others is best expressed by the following suggestion:

Ask your grocer for Karo Maple in the GREEN CAN. It is guaranteed to please you or your grocer returns your money.

Look Out for Rheumatism As Winter Approaches

So many cases of Rheumatism come from a tiny disease germ that infests the blood, that physicians are beginning to realize that this source of the disease is becoming quite prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface.

One remedy that has given splendid results in the treatment of Rheumatism is S.S.S., the fine old

blood remedy that has been sold by druggists for more than fifty years. S.S.S. acts by driving out of the blood the disease germ that causes Rheumatism, thus affording real relief.

Begin taking S.S.S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Adviser, 151 Swift Laboratory, Atlanta, Ga.

GOODLAND LIKES SOUTHERN TRIP

Southwestern Wisconsin as Pretty as Northern Lake Region.

"It is one of the prettiest drives in Wisconsin, not excepting the lake region in the northern part of the state," said John Goodland in speaking of an automobile trip to Prairie du Chien from which he has just returned. He was accompanied by Mrs. Goodland and Mr. and Mrs. William Schubert of Menasha, and covered between ten and eleven hundred miles.

"I had no idea that the southwestern part of the state had such beautiful scenery," he said. "On nearing Mississippi river you continually ascend and descend hills some of which have an elevation of six hundred feet. From the tops of these you can get a good view of the surrounding country with the cities and villages nestled in the valleys. The brilliant colors of the foliage added beauty to the scene. The winding roads thread their way among the hills in every direction."

Mr. Goodland said there are no lakes and very few streams, but that the picturesque quality of the country more than make up for their absence. The timber is mostly oak and the principal crop raised by farmers is corn. Quite a little tobacco is also grown. The farms are equipped with good buildings and the country looks prosperous.

HANTSCHER BACK HOME; HAD TWO OPERATIONS

John Hantscher, veteran of the world war and candidate for county clerk on the democratic ticket, has returned to Appleton after submitting to two operations, one on his leg and another on his jaw, at a Chicago hospital. Both operations are the result of wounds received while in service in France. He is well enough to be about his duties and has started active work in his campaign.

DANCE AT WAVERLY EVERY THURSDAY NIGHT AND SUNDAY AFTERNOON AND NIGHT.

10-13, 14, 15, 16

Of the land under cultivation in England, six-sevenths is devoted to fodder for horses and other livestock.

"I was greatly interested in the old fort," said Mr. Goodland. "It is a shame that the state or country made no provision for preserving it. Very little is left, even of the wall. In going through the national cemetery connected with it I noticed one headstone that dated back to 1633. There is a large number hearing date of the early part of the nineteenth century. The tourists visited the apple orchards at Gays Mills, a short distance from Prairie du Chien which cover several thousand acres. The crop had just been picked and was being shipped all over the country. A large vineyard is connected with the orchard. Mr. Goodland made the trip by way of Madison and found good roads all the way. Those in the western part of the state are earth roads, but they are as smooth as a pavement.

NEW RETAIL MILK DEPOT IS OPENED

Potts, Wood and Company Puts New Creamery Into Operation Today.

The new retail creamery of Potts, Wood and company was opened to the public on Wednesday. It is housed in a new brick addition about 20 feet square on the Pacific street side of the company's plant, and is equipped with a view to cleanliness and quick service.

The new creamery is the answer to the public's demand for milk, cream and butter direct from the distributor. The company originally conducted a wholesale business only, but people started coming into the factory for milk and the number grew to such proportions that the company had to provide a place to dispense its products, with a man constantly in charge.

The sales were formerly made in the factory under unsatisfactory conditions. The new sales room has a terrazzo floor, marble counter with galvanized shelving and an air tight milk container which holds 10 gallons of milk and 10 gallons of cream. It will be cooled by pipes from the refrigerating system and has a stirring device to keep the milk and cream from separating. Milk will be sold only in bulk, measured into the customers' containers. The upper story of the building will be used for storage.

The company has also erected a brick addition at the west end of its plant where the trucks can drive in and load and unload. It has a drop floor of concrete so that the platform of the truck is flush with the floor of the loading platform, eliminating a large amount of unnecessary lifting. A brick smokestack has been built at the boiler room. Nearly \$10,000 has been expended on the improvements.

SCOUT COUNCIL TO PLAN FOR WEEK-END CAMPING

Week end camping was enthusiastically discussed at the meeting of the advisory board of the Appleton Scout council Monday evening at the Appleton hotel. The camp committee was instructed to present a definite program for this activity at the November meeting of the board. The plans include location of a proper camping site on the lake or the river, with a suitable shack where the boys can sleep over night. Hikes and week end outings are to be conducted all through the season, according to the council's plans.

TROOP COMMITTEES OF SCOUTS HOLD MEETING

The first meeting of troop committees of the Appleton Boy Scout council was held Monday evening at the Y. M. C. A. The duties of these officials was explained by E. R. Henderson, scout executive. Each organization having a scout troop has a committee of four men which administers the affairs of the troop. There are eight of these committees on the Appleton scout council.

Mr. Henderson explained that it would be the duty of each committee to have one of its members present at each troop gathering, making it necessary for each man to attend only every fourth time. These men check up on the work of the troop and aid in its promotion and proper conduct.

The committees are to meet the scout executive at regular intervals to report the progress made by the scout troops. An informal dinner will probably be planned in connection with the November meeting.

HORTONVILLE DANCE DANCE IN HORTONVILLE OF ERA HOUSE, TUESDAY NIGHT, OCT. 19. MUSIC BY VALLEY COUNTY CLUB ORCHESTRA OF NEENAH.

10-13, 14, 15

The chemical composition of bananas and potatoes is almost identical. There are more than sixty known varieties of banana.

CITY CHARTER IS PRINCIPAL TOPIC

Two Hundred City Authorities Attend Convention in La Crosse.

La Crosse, Wis.—The proposition to repeal the special charters under which a number of Wisconsin cities are operating and to have the municipalities come under a uniform charter law will be one of the most important topics discussed at the twenty-second annual convention of the League of Wisconsin Municipalities, which opened in La Crosse on Tuesday. Two hundred delegates are in attendance.

Charles H. Crownhart, revisor of the statutes, will address the convention on Wednesday on the revision of the general charter law. This will be followed by a discussion of the charter bill, which has been drafted for presentation to the legislature, by William Ryan, city attorney of Madison.

Prof. L. S. Smith of the college of engineering, University of Wisconsin, will give an address on "The Zoning and Districting of Cities."

On Wednesday afternoon, Charles E. Babcock, assistant city attorney of Milwaukee, will speak on "The Constitutional Home Rule Amendment," and Henry R. Trumbower, member

of the state railroad commission, will talk on "Municipally Owned Utilities."

A Wisconsin inventor has patented a device for trapping and killing grasshoppers.

The first lifeboat ever made was built in 1802, and is still to be seen in Yorkshire, Eng.

Sport News and Views

INDIANS IDOLIZED BY CLEVELAND FANS

Lake City Forgets All Else in Enjoyment of Its New Distinction.

(By Henry L. Farrell)
By United Press Leased Wire
Cleveland, Ohio — World's champions—not a thing else was on Cleveland's mind this morning.
From the youngest youngster fans who played hooky from school to show off autographed balls to the veteran bleacherite who had been waiting the day for 42 years, all this lake city paid tribute to this Speaker and his champion Indians today.
It is all over. The Indians and the second championship flag in as many years comes to Ohio.
The end came yesterday as dramatic as it had been sensational throughout.
When game little Sewell completed the last out, a crowd of 27,000 fans swarmed on the field and refused to leave until their breath had been exhausted by loud yells and fruitless chase to get near some of their idols. This Speaker sprinted through the

throne, vaulted over a front box and took his mother in his arms.
Stanley Coveleskie, a hero of a series of three over was one, blushed like a school girl and stood in the midst of another gathering helpless to move until the blue coats came after him.
As in two other games, the victory of the Indians can be described fully in a nutshell—Coveleskie and a punch in the neck.
It was his third victory of the series and it gave him what perhaps may be a world's series record when he held the Robins to two runs in 27 innings.
Brooklyn wanted to win and take the Indians back to the east for the last stand. They fought desperately to do it. The Indians fought harder to win the deciding game and end the classic in front of the fans who have supported them so faithfully.
Everything on the baseball books but a balk was recorded during the seven games.
Bad baseball was mixed with the good but it was only a pinch in the mixture.
Displaying its tendency of going astray, the "dope" was wrong, not because the Indians won for they were favorites from the start, but because of the manner in which it was won.
All the dope against the Indians was based on a big pitching staff against a small staff. Brooklyn had several good pitchers while Cleveland had only three. Cleveland had good hitters but their averages were

ALL NATIONS ENTERED IN MILWAUKEE PROGRAM

By United Press Leased Wire
Milwaukee—An international boxing card has been arranged by Promoter Joe Ornstein for the Empress theater here Friday night.
A Pole, an Irishman, a German, two Hebrews and an Italian will clash.
Eddie Mahoney, Pacific coast Irishman, will start training here this afternoon for his bout with Johnny Mendelsohn, Canadian Jew.
Others on the card are Jack Eile, New York Jew, and Frankie Schmalzer, Milwaukee German; Tommy Neary, Milwaukee Pole, and Andy Williams, local Italian.
All bouts are for ten rounds.

made on inferior American league pitching.
But Speaker got far more out of his small staff and his hitters mauled the best of the Brooklyn stars.
Cleveland, some critics have said, could have made even better use of that small staff. Some of the wise ones claim that the Indians should have taken the series in straight games.
After a hard pennant race during which they had to fight to the last minute for the flag and after this series when the strain occasioned by their "last ditch" was so severe, the Indians today had no thought but to get away for a rest.
Manager Speaker is going right home to Hubbard, Texas, with a crowd of fans who are going to act as his official bodyguard. His players will scatter. Some go home and others are off on long hunting trips.
Jim Dunn, popular president of the club, ranks next to Speaker in the hearts of the fans.

ANNUAL EGG MARATHON GETS STARTED TOMORROW

By United Press Leased Wire
Danville, Mass.—More than 300 hens, cackling their confidence, gathered here today for the annual barnyard classic—the Omelet Marathon.
One year from today one of the 300 will be the egg laying champion of New England and will champion the world.
The feathered marathoners were given separate poultry yard apartments filled with the latest conveniences in glass eggs and collection boxes. Fortified with the best egg producing diet yet devised, the 300 start from scratch tomorrow.
Mrs. Wenzel Schneider and Mrs. Henry Melcher have gone to New Holstein for a several days' visit with relatives and friends.

MAN O' WAR CALLED BEST HORSE OF AGE

American Thoroughbred Proves Right to Title of Greatest Horse in World.

By United Press Leased Wire
Windsor, Ont. — Man O' War, star three year old, today wore the crown of king of the sport of kings.
The American thoroughbred reached the pinnacle of racing fame when he romped over the mile and a quarter Kentworth track here yesterday finishing seven lengths to the good against Sir Barton, Canadian four year old, owned by Commander J. K. L. Ross.
Man O' War was an easy winner in 2:03, more than a second slower than his record.
"He is a super-horse," said Commander Ross in accepting the defeat of his entry.
"There is no horse in the world equal to Man O' War."
The race was the last Man O' War will run, according to Samuel Riddle. He will be used for breeding purposes.
A special car was scheduled to take Man O' War to Laurel, Md., today, and Sir Barton to Montreal.
With the \$75,000 purse added to his already big winnings, Man O' War's earnings to date total approximately \$200,000 the largest of any race horse. He also won a \$5,000 gold cup in yesterday's race.
Reports that Riddle planned to put the horse in the movies were not confirmed today.
Man O' War celebrated his winning by taking the first drink from the gold cup he won.

LAWRENCE RIPS UP HIGH SCHOOL LINE

Heavy Collegians Working Hard for Battle at Beloit on Saturday.

The Lawrence eleven carried the honors in a scrimmage with the high school Tuesday at Lawrence field. The college men worked several new plays, and tore through the high school line for big gains. Metheeny, however, was not exceptionally pleased at the showing made by his squad.
Lawrence made numerous attempts to gain by the air method, but only one of the passes worked.
Roach, high school half back, played an exceptional game on the defensive, as did all of the back line men. Courtney distinguished himself by getting most of the tackles, and by twice nailing a runner for a loss. Jacobson also played a good game.
Coach Vincent thinks the team is in good shape for the game with Sheboygan, Saturday at Lawrence field.

MARQUETTE PREPARES FOR GAME WITH RIPON

By United Press Leased Wire
Milwaukee—Marquette has started practice for the fray here Saturday with Ripon college, with several of the players still nursing injuries received in the game with Detroit last Saturday.
Saturday will see several college games in the state. Lawrence meets Beloit at Beloit; Carroll will clash with the Milwaukee normal here and Northwestern normal will meet the Luther Seminary at Watertown.

CARPENTIER SHOWS HE CAN HIT HARD

French Champ Stops Levinsky in Fourth Round—Earns Bout With Dempsey.

By United Press Leased Wire
New York—Georges Carpentier has vied his passport to a fight with champion Jack Dempsey. He sealed the document last night with a right hand blow to the chin of Battling Levinsky, veteran light heavyweight, in the fourth round of their match in Jersey City.
Levinsky was knocked out.
Carpentier won his first American fight as a battler, not as a boxer. He constantly attempted to draw Levinsky into attacking him by dropping his arms, but the cautious matter was content to let Georges do all the leading.
Levinsky hit the canvas three times. Levinsky's blows were delivered while in retreat and the Frenchman disregarded them. He tore in at full speed, flailing wildly with both hands. Carpentier drove Levinsky to the ropes, battering at the upraised arms, protecting the American's face. Finally Carpentier drove a straight right through with the full power of his body behind the blow. Levinsky slumped down in a corner.
In the preliminaries, Kewpie Colander, Minneapolis, and Babe Asher, St. Louis, boxed a six round draw. Ted (Kid) Lewis, British welterweight champion, easily won from Marcel Thomas, French champion, in six rounds.

LATE CABBAGE SELLING FOR ONLY \$8 A TON

Late cabbage is now being shipped and the price is around \$8 per ton. Early cabbage was an exceptional crop, but the yield of late cabbage falls below the average due in certain parts of the county to rot. The price

No Fear Now of Indigestion

A Host of People Seem to Thrive on What Used to Provoke Indigestion Before They Learned of Stuart's Dyspepsia Tablets

When the stomach becomes sour, with gasiness and heartburn due to indigestion or dyspepsia relief may be had by one or two Stuart's Dyspepsia Tablets. Simply chew them, no

hot water nor any other fillers for a stomach perhaps already too much overcrowded.
These tablets supply to the stomach the alkaline effect which is what relieves the sour acid condition. They also contain pancreatin to help digest the starchy foods such as potatoes, rice, oatmeal, white flour, etc.
Get a 50 cent box of Stuart's Dyspepsia Tablets, have them on hand at all times and thus have no fear of indigestion or dyspepsia.
The fact that these tablets are on sale everywhere in the U. S. and Canada shows how generally recognized they are as an efficient aid when the dyspeptic stomach needs a little help, adv.

Our Interest Continues After We Sell You Truck Tires

Goodyear Cord Pneumatics for trucks thrive on hard work. This is due to two things—Goodyear's construction and our service.

Each is equally important: Our business is—
1. To see that you get the size and type of tire best suited to your hauling conditions.
2. To see that your tires are applied correctly.
3. To see that you get every mile possible out of your tires.
In other words, the transaction is not ended when we sell you the tires—we watch your tires in use and see, by frequent inspections, that you are getting every mile possible out of them.
Let us tell you more about our service "before," "of" and "after" application.
Complete Stock of Goodyear Solid, Cushion and Pneumatic Truck Tires.

of early cabbage was so low that it hardly paid for the harvesting and unless the price of late cabbage advances farmers will not play even.

419 Eggs From 20 Hens In 30 Days

Mr. Dougherty Got This Result in October. Plan is Easily Tried.

"I tried Don Sung and the results were far past my expectations. I got 419 eggs in 30 days from 20 hens while moulting. I think this is wonderful, as the hatch is at all before."—Frank Dougherty, 5940 E. 11th St., Indianapolis.
Mr. Dougherty bought \$1 worth of Don Sung in October and wrote this letter in November. Figure his profit on 35 dozen eggs from hens that formerly laid little or nothing.
"This may sound too good to be true, but it costs nothing to find out. We'll make you the same offer we made him. Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.
Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.
You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.04 (includes war tax) for a package by mail. Burdett-Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

DON SUNG Chinese for Egg-Laying

Wherever You Wish to Go our Auto Livery provides the most pleasant and economical means. If an afternoon's spin or a shopping trip is planned, theatre party or dance, we have the car to suit the occasion, at a price per hour to suit your purse. Cars always ready for station calls. Special rates for salesmen, by the day. Prompt response to 'phone calls, day or night.

"You'll Always Find" says the Good Judge

That you get more genuine satisfaction at less cost when you use this class of tobacco.
A small chew lasts so much longer than a big chew of the ordinary kind. And the full, rich real tobacco taste gives a long lasting chewing satisfaction.
Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles
is a long fine-cut tobacco
RIGHT CUT is a short-cut tobacco
The Real Tobacco Company, 107 Broadway, New York City.

A safety razor and stropping device combined in one

NO shaving edge; whether it is a barber's straight razor or a safety razor blade, can keep its original keenness for more than one or two shaves without stropping.
Stropping—that's the real secret of shaving comfort.
You can be sure of a fine, keen edge for every shave if you use the AutoStrop Razor—the razor that sharpens its own blades.
Built right into the frame of the AutoStrop Razor is a remarkable self-stropping device—simple

and efficient—which renews the fine, keen edge of the AutoStrop blade day after day.
You don't have to take the razor apart nor remove the blade. Just slip the strop through the razor head, and move the razor back and forth along the strop.
In 10 seconds you have a new, sharp shaving edge!
500 cool, comfortable shaves are *guaranteed* from every dozen blades!
Ask your dealer today about the AutoStrop Razor trial plan.

AutoStrop Razor
—sharpens itself
On razors, strops, blades, etc., hereafter manufactured by us we shall apply the trade mark "Valel" in addition to the trade mark "AutoStrop" as an additional indication that they are the genuine products of the AutoStrop Safety Razor Co., New York.

Ford
THE UNIVERSAL CAR
A Good Automobile
At Pre-War Standards —What More Do You Want?
What more can anyone, in any station in life, reasonably desire in an automobile than the built-in-quality that carries you there and returns you on time? With every comfort and protection from the elements.
THE FORD SEDAN is mechanically perfect, beautifully finished and upholstered.
THE FORD is not a fad of passing popularity, but an institution — a real necessity. That is why 50% of all automobiles are FORDS. The FORD is everyman's car. The dependability and simplicity of the FORD is the feature appealing also to owners of more than one car. That is why two-thirds of the people owning automobiles own Fords.
BUY NOW — WHY —
(1)—New prices
(2)—Quick deliveries
(3)—Fine touring weather
(4)—Good fishing
(5)—Hunting season open
(6)—Have some real fun while you can
(7)—Ford cars are not a luxury but a necessity
(8)—Over 4,000,000 in use
Since the new prices went into effect orders have been coming in fast so we advise you to place your order at once—Orders filled in rotation.
